—THE—

Westinghouse Air Brake Co.,

PITTSBURGH, PA., U. S. A.,

MANUFACTURERS OF THE

WESTINGHOUSE AUTOMATIC BRAKE.

The WESTINGHOUSE AUTOMATIC BRAKE is now in use on 27,000 engines and 390,000 cars. This includes 290,000 freight cars, which is about 30 per cent. of the entire freight car equipment of this country, and about 80 per cent. of these are engaged in inter-state traffic, affording the opportunity of controlling the speed of trains by their use on railways over which they may pass. Orders have been received for 237,000 of the improved quick-action brakes since December, 1887.

The best results are obtained in freight train braking from having all the cars in a train fitted with power brakes, but several years' experience has proven conclusively that brakes can be successfully and profitably used on freight trains where but a portion of the cars are so equipped.

7 WALL STREET, St. Nicholas Building, NEW YORK.

Having had twenty-six years' experience in business I have good facilities with a large acquaintance for trading in securities at the best rates, hence in tendering my services I feel confident that I can give entire satisfaction to those who favor me with their business.

I have a good knowledge of the Bonds and Stocks of the leading Railroads of the country, and parties holding such securities and desiring to buy or sell, I will cheerfully inform them upon what terms sales or purchases can be made. In offering securities for sale please give all information relative to date, issue, when interest or dividends payable, when due, etc., etc.

Gas Company Bonds and Stock. Electric Light Bonds and Stock bought and sold.

Have had a good deal of experience in organizing corporations, and will attend to that line of business where there is merit in the enterprise.

Information cheerfully given relative to any business in the financial line. Orders for Bonds and Stocks executed for the usual rates of commission for cash.

Our MANUAL OF INVESTMENTS,

The largest work of the kind published by any Banking House in America, is distributed without charge to our clients and correspondents. Price to others, \$3.00 per copy. Below are a few extracts from some of the press notices of the last published edition:

The most elaborate and handsomest and most useful work treating upon Southern properties which ever came to notice.—*Boston Herald*. Packed full of the most valuable information. . . . The States, Cities, Railroads and other properties of the South are described with a clearness and minuteness of detail of great value to investors.—*New York Journal of Commerce*. Worth its weight in gold.—*Norfolk Landmark*. Recognized as standard authority, and holds a high reputation both in Europe and the United States.—*Washington Post*. We know of no other work to compare with this Manual for the variety and extent of the information it contains. . . . presents in an unique form a splendid example of well directed enterprise.—*Money, London*. It has no equal in this country. . . . It has by long odds the most valuable Railroad Map ever sent out in a work of this description.—*Richmond Dispatch*. Contains about all the essential information that an investor would need to know regarding all Municipal and Corporate securities of the Southern States. The Manual has become as standard a reference book as Poor's.—*Chicago Tribune*. A magnificent evidence of enterprise, and a monument of energy, patience and talent.—*Greenville (S. C.) News*. An indispensable treasury of information. Complete in all its departments.—*Nashville American*. A complete financial and industrial record of the Southern States.—*Times Democrat. New Orleans*.

Advance information relative to Railroad reports, etc.; or will make

Full and comprehensive investigations into Railroad mortgages, bonds, leases or other contracts.

In a word, we propose to furnish information of any character coming within the scope of this Bureau, but not contained in or within the province of our three annual publications, viz.:

POOR'S MANUAL OF RAILROADS,

POOR'S HAND-BOOK ON INVESTMENT SECURITIES,

POOR'S DIRECTORY OF RAILWAY OFFICIALS and

MANUAL OF AMERICAN STREET RAILWAYS.

Subscribers to any of the above-named works may address their inquiries to us, and a prompt reply will be mailed at a cost based upon the length of time occupied on the work.

Special attention will be given to the preparation of Historical Statements of existing or defunct corporations; to investigations into the value of old railroad bonds, and to the preparation of statistical exhibits designed to show the value of railroad securities. Besides this, investigations will be made at any time through official channels into the status of new projects, and reports made thereon. Proceedings in foreclosure or reorganization will be carefully followed, and all facts relating to such proceedings noted for reference.

It is believed that the establishment of this Bureau will prove of great benefit to the subscribers for our annual publications, as it will enable them at a nominal cost to avail of our unequalled facilities for the collection of news items relative to Railroad Investments or projects, besides securing the privilege of access to our Library, which contains all reports and documents issued during the past *half century*.

Annual subscribers to this Bureau may call for whatever information they desire during the period of their subscription. Terms upon application. Address

JOHN P. MEANY, Manager,

44 Broad Street, New York, N. Y.

ALPHABETICAL INDEX TO ADVERTISERS.

The Advertisements will be found in the FRONT of the Book, and in the back of the book, in the part called POOR'S DIRECTORY OF RAILWAY OFFICIALS; that is, facing Lists of Railway Officials, etc. In each case the location is specified in connection with the paging, front being designated by that word, and advertisements in POOR'S DIRECTORY OF RAILWAY OFFICIALS being designated "back." Advertisements on backs of maps are designated as being on a certain page of a certain Section Map. The twenty Section Maps will be found between the end of the "introduction" and page 1 of text.

GOODWIN'S

Improved Book-keeping and Business Manual.

EVERY Officer of, Share-holder in and Book-keeper for

A STOCK COMPANY will find that this work contains many articles on subjects in which he is directly interested. It will also prove of especial value to him as a **BOOK OF REFERENCE**. It contains more practical information on the subject of STOCK COMPANIES than that contained in all the other works which have ever been published. It is, in fact, an **AUTHORITY** on the subject, **AMONG THE LARGEST CORPORATIONS OF THE WORLD**—as witness, for example, the following:

"Your book far surpasses my expectations, containing, as it does, so much **VALUABLE INFORMATION**."

CHAS. W. SIMMONS, with the Standard Oil Company, Cleveland, Ohio, November 28, 1890.

41,383 copies sold, and 4,052 testimonials received up to Thursday, June 14, 1894. Price, \$3.00. (Sent post-paid, upon receipt of price.) Sixteenth edition now ready. NOTE.—The liabilities, gross and net earnings, interest and dividend payments, etc., of the elevated railroads in the State of New York are included in the above table. The earnings of these lines are derived chiefly from passenger traffic, but their earnings cannot be included under that head for the reason that, if included, the deductions from the totals thus arrived at would be misleading. The statistics of passenger traffic and train mileage are omitted for the same reason.

NOTE.—The "annual increase in mileage" usually represents the net increase within the year named. Below will be found a detailed statement of railroad construction for the three years 1891-93, and similar statements for preceding years will be found in the past numbers of the MANUAL. The total mileage of all lines in the country at the end of 1892, as shown by the revised statements presented herewith, was 175,204.10 miles; construction during the year, as per construction table following, 2,828.39 miles—total, 178,032.49, from which deduct 115.94 miles now reported abandoned and 163.19 miles net miscellaneous decreases, the latter due to the elimination of duplicate tracks, which is largely the result of the more accurate information now called for by the State Boards of Railroad Commissioners.

Statement of railroad construction in the United States during the years 1891-1893 :

WILL FURNISH UPON ORDER

Detailed information relative to new or projected Railroads,

Analyses of Railroad and other reports,

Statistics of Steam, Electric, Cable and Horse Railways,

Advance information relative to Railroad reports, etc.; or will make

Full and comprehensive investigations into Railroad mortgages, bonds, leases or other contracts.

In a word, we propose to furnish information of any character coming within the scope of this Bureau, but not contained in or within the province of our three annual publications, viz.:

POOR'S MANUAL OF RAILROADS,

POOR'S HAND-BOOK ON INVESTMENT SECURITIES,

POOR'S DIRECTORY OF RAILWAY OFFICIALS and

MANUAL OF AMERICAN STREET RAILWAYS.

Subscribers to any of the above-named works may address their inquiries to us, and a prompt reply will be mailed at a cost based upon the length of time occupied on the work.

Special attention will be given to the preparation of Historical Statements of existing or defunct corporations; to investigations into the value of old railroad bonds, and to the preparation of statistical exhibits designed to show the value of railroad securities. Besides this, investigations will be made at any time through official channels into the status of new projects, and reports made thereon. Proceedings in foreclosure or reorganization will be carefully followed, and all facts relating to such proceedings noted for reference.

It is believed that the establishment of this Bureau will prove of great benefit to the subscribers for our annual publications, as it will enable them at a nominal cost to avail of our unequalled facilities for the collection of news items relative to Railroad Investments or projects, besides securing the privilege of access to our Library, which contains all reports and documents issued during the past *half century*.

Annual subscribers to this Bureau may call for whatever information they desire during the period of their subscription. Terms upon application. Address

Of the excellence and completeness of the work the publishers present the following testimonial :

"The undersigned, having carefully examined the work recently published by Mr. HENRY V. POOR upon the subject of MONEY, hereby express their conviction that he has unfolded its NATURE and LAWS with an amplitude and clearness which have all the force of demonstration. His assumption of treating money as a subject coming within the range of the exact sciences has been well sustained. The application of the principles laid down in the first part of his work cannot fail to restore order in the place of the chaos of opinion which now prevails, and to point out, unmistakably, the conditions necessary to a restoration of the currency of the country to the standard of coin. We commend the work to the public as an able, scholarly, painstaking, and exhaustive treatise upon a subject in which is involved, more than in any other now engaging their attention, the welfare of the people of the United States."

RESUMPTION

AND THE

SILVER QUESTION;

A Handbook for the Times.

EMBRACING

A SKETCH OF THE COINAGE AND OF THE LEGAL-TENDER CURRENCIES OF THE UNITED STATES AND OTHER NATIONS.

By HENRY V. POOR.

(1878.)

Summary of the Contents.

PART I.—The distinction between the money of Banks and of Government.

PART II.—An examination of the Report of the late Conference between Mr. Secretary Sherman and the Committee on Finance of the Senate, and the Committee on Banking and Currency of the House of Representatives, of the United States.

PART III.—A History of the Coinage of the United States; of the Act of 1873, demonetizing silver; and a sketch of the monetary systems of the great commercial Nations, Great Britain, France, and Germany.

PART IV.—A History of Legal-Tender Currencies, embracing a History of the Legal-Tender Currencies of the Mongols; of the Continental Currency of the United States; of the Assignats of France, and of the present Legal-Tender Currency of the United States.

PART V.—The Greenback Party.

PART VI.—How Resumption is to be Effected.

PRESS NOTICES.

New York Evening Post.

We commend Mr. Poor's book, as it deserves, as a most convenient reference handbook concerning the history of silver money in the United States, the monetary history of other countries, and other matters of a similar nature, all of which are presented in compact and convenient shape, and fitted to the hand by an elaborate analytical index.

Philadelphia Ledger.

A timely and valuable book, which cannot be too carefully studied, and every line of which is full of warning and instruction.

New York Journal of Commerce.

A timely and valuable contribution to a subject now demanding the earnest attention of every thoughtful citizen. It will help to clear away much of the fog in which the whole question of the currency is now enveloped. It is in no sense partisan, and is addressed wholly to the reason and intelligence of the reader. It is indeed, as it is called, "A Handbook for the Times."

Boston Journal.

This volume is pungent and full of information. It is very fresh and suggestive, and contains a large amount of information which gives it value, and makes it stimulating and helpful in extending and directing financial discussion.

POOR'S BUREAU

OF

Information and Investigation,

Conducted in connection with and as an adjunct to

Poor's Manual of Railroads,

WILL FURNISH UPON ORDER

Detailed information relative to new or projected Railroads,

Analyses of Railroad and other reports,

Statistics of Steam, Electric, Cable and Horse Railways,

Advance information relative to Railroad reports, etc.; or will make

Full and comprehensive investigations into Railroad mortgages, bonds, leases or other contracts.

In a word, we propose to furnish information of any character coming within the scope of this Bureau, but not contained in or within the province of our three annual publications, viz.:

POOR'S MANUAL OF RAILROADS,

POOR'S HAND-BOOK ON INVESTMENT SECURITIES,

POOR'S DIRECTORY OF RAILWAY OFFICIALS and

MANUAL OF AMERICAN STREET RAILWAYS.

Subscribers to any of the above-named works may address their inquiries to us, and a prompt reply will be mailed at a cost based upon the length of time occupied on the work.

Special attention will be given to the preparation of Historical Statements of existing or defunct corporations; to investigations into the value of old railroad bonds, and to the preparation of statistical exhibits designed to show the value of railroad securities. Besides this, investigations will be made at any time through official channels into the status of new projects, and reports made thereon. Proceedings in foreclosure or reorganization will be carefully followed, and all facts relating to such proceedings noted for reference.

It is believed that the establishment of this Bureau will prove of great benefit to the subscribers for our annual publications, as it will enable them at a nominal cost to avail of our unequalled facilities for the collection of news items relative to Railroad Investments or projects, besides securing the privilege of access to our Library, which contains all reports and documents issued during the past *half century*.

Annual subscribers to this Bureau may call for whatever information they desire during the period of their subscription. Terms upon application. Address

This is a detailed historical map of the Pacific Northwest region, covering parts of Washington, Oregon, and California. The map is oriented with North at the top and includes a latitude and longitude grid. Key features include:

- Geographical Features:** The map shows the Puget Sound, Strait of Juan de Fuca, and the Columbia River. Major cities like Seattle, Portland, Eugene, and Astoria are marked. The map also depicts various smaller towns, rivers, and lakes, including Lake Harney, Lake Harney, and Lake Harney.
- Political Boundaries:** The states of Washington, Oregon, and California are clearly delineated. The map also shows the boundaries of various counties and territories.
- Infrastructure:** The map includes a network of roads, railroads, and waterways, showing the transportation infrastructure of the region.
- Topography:** The map uses shading and contour lines to represent the terrain, including mountains, hills, and valleys.
- Latitude and Longitude:** The map includes a grid of latitude and longitude lines, with labels for degrees and minutes.

Bangor and Katahdin I. W. Ry.: Milo Jc., Me., to Katahdin Iron Works, Me. 18.9—95.4 miles
 Sidings, etc., 5.3 miles. Gauge, 4 ft. 8½ in. Rail—iron, 56; steel (68.4 miles), 56 and 70 lbs.

History.—Organized in Maine Feb. 13, 1891, to build a railroad and branches, aggregating 232.4 miles in length, as shown above. The Bangor and Piscataquis RR. and the Bangor and Katahdin Iron Works Ry. are leased for 999 years from April 1, 1892—rental, \$33,750 for first year; \$38,750 for second year; \$43,750 for third year; and \$58,750 yearly thereafter, the maximum rental being equal to the total annual interest on the Bangor City Loans of the Bangor and Piscataquis RR. Co. In addition to the aforementioned sums the lessee pays the interest on the Greenville extension bonds and rental (\$10,000 per annum) of B. & K. I. W. Ry. The line from Oldtown to Greenville (B. & P. RR.) will be rebuilt and made part of the main line. The projected lines are under contract, and it is expected that the portion from Brownville to Houlton, 92 miles, will be completed early in 1894.

Funded debt consisted, June 30, 1893, of \$3,000 7 p. c. coupon or registered \$1,000 bonds, payable Feb. 1, 1892, interest ceased; \$2,000,000 6 p. c. coupon or registered \$1,000 bonds, payable July 1, 1895, interest Jan. and July, at Boston, Mass.; and \$3,858,000 5 p. c. bonds, payable April 1, 1902, interest April and Oct., at Boston, Mass.

The 5 p. c. bonds were issued in 1882 at the rate of \$160 per share for \$2,411,500 of stock held by the State of Massachusetts. On Sept. 27, 1883, 17,588¾ of the shares so purchased were issued to stockholders in the proportion of one share for every ten owned, and on Sept. 23, 1886, the remaining shares were divided in the proportion of one share for thirty.

Under an act of the Legislature of Massachusetts, passed in 1889, the company was authorized to issue \$10,000,000 additional stock, \$7,000,000 being for the retirement of an equal amount in bonds maturing in 1892 and 1895, and the remaining \$3,000,000 for improve-

ments. On Jan. 5, 1892, \$5,000,000 of this new stock was issued to retire 7 p. c. bonds maturing Feb. 1, 1892.

At the annual meeting, Sept. 27, 1893, the directors were authorized to issue \$5,000,000 bonds, \$2,000,000 of which are to be used in retiring the bonds of 1895, and the remaining \$3,000,000 in providing for improvements, etc.

Annual meeting, fourth Wednesday in Sept. Interest and dividends, including dividends paid as rental for the Pittsfield and North Adams and the Ware River RRs., are payable at the office of the company in Boston. Dividends of 2 p. c. each have been paid *quarterly* since 1881, on the last days of March, June, Sept., and Dec. each year.

The Boston, Barre and Gardner 1st mtge. bonds fell due on April 1, 1893, and all but \$6,500 of them had been paid off at the close of the fiscal year. The Boston, Hoosac Tunnel and Western debentures are subject to call at 60 days' notice. To provide for the payment of the bonds falling due April 1, 1894, and for the funding of the floating debt and payment of loans, the directors, in Sept., 1893, were authorized to issue from time to time as needed not exceeding \$2,500,000 bonds, drawing interest at such rate as the directors may determine. The several issues of bonds of the Fitchburg RR. Co. and of the Cheshire RR. shown in the preceding statement of funded debt are all plain bonds, not mtge.; the others are mtge. bonds.

Portion of European and North American Ry. not covered by bonds, 65.34; total mileage, 813.76.

From the grand total of bonds, \$11,543,800, is deducted the Bath loan to Androscoggin RR. Co., \$3,500, the Bangor loan to European and North American Ry., \$910,000, the Maine Central 40-year European and North American Ry. bonds, secured by mortgage of European and North American Ry., \$38,000—total, \$461,500, because the Androscoggin RR. and European and North American Ry. are operated under lease and not owned.

The *Maine Central 40-year European and North American bonds*, \$38,000, are secured by mortgage of the European and North American Ry. between Bangor and Winn, and are therefore added to the bonds of the European and North American Ry., \$910,000, to get the total of \$948,000, used against European and North American Ry. in "Funded Debt."

The *M. C. 7 p. c. loan* is secured on the line from Danville Junc. to Bangor, 109.5 m.—per mile, \$6,911. The bonds are in coupon form, for \$100, \$500, \$1,000 each. Trustees: Edmund F. Webb, Lewis Pierce, and Josiah H. Drummond.

The *P. & K. Consol. loan* is secured on the line from Portland to Augusta, 62.5 m., and branch from Brunswick to Bath, 8.7 m.—per mile, \$16,204. The bonds are in coupon form, for \$100, \$300, \$500, \$1,000 each. Trustees: Artemas Libby, Joseph W. Symonds, and Wm. L. Putnam.

The *M. C. Ext. loan* is secured on the line from Cumberland Junc. to Danville, 13.3 m.—per mile, \$17,390. The bonds are in coupon form, for \$500 and \$1,000 each, principal and interest payable in gold. Trustees: Artemas Libby, Wm. L. Putnam, and Joseph W. Symonds.

The *L. & F. 1st mtg.* is secured on the line from Leeds to Farmington, 36.3 m.—per mile, \$17,390. Denominations of bonds, \$100, \$200, \$300, \$500, \$1,000. Trustees: Joseph W. Symonds, Franklin A. Wilson, and John W. Perkins.

The *A. & K. loan* is secured on the line from Augusta to Skowhegan, 37.2 m. Bonds are in coupon form, for \$100, \$200, \$500, and \$1,000 each. Trustees: Stephen J. Young, Joseph W. Symonds, and John Ware.

The *A. R.R. Bath City loan* was issued to aid in the construction of the Androscoggin RR. extension, and is secured on the line from Brunswick to Leeds, 26.1 m., and branch from Crowley's Junc. to Lewiston, 4.7 m.

The *M. C. consol. loans* are secured on the entire railroad owned, subject to the lien of prior mortgages. The bonds are divided into four classes—A, B, C, and D. Of Class A, \$975,000 are outstanding; of Class B, \$2,633,000; of Class C, \$1,567,700; of Class D, \$381,000. Class B will be increased by the consolidation of the Maine Central issues; Class C by the Portland and Kennebec bonds and stock; Class D by the Androscoggin and the Leeds and Farmington issues. The trustees are to reserve an amount sufficient to retire all other prior issues. Bonds of Class A are also reserved for the purchase of equipment and for funding the floating debt. These bonds are both coupon and registered, for \$10, \$500, \$1,000, and \$5,000 each. The rate of interest on these several issues of bonds was originally 7 p. c.; but bonds have been placed at lower rates when they could be sold. Issues to Sept. 30, 1893, are as follows: Class A, \$975,000 at 7 p. c.; Class B, \$1,515,000 at 7 p. c., \$8,500 at 5 p. c., and \$1,099,000 at 4½ p. c.; Class R, \$10,000 at 7 p. c.; Class C, \$1,306,700 at 8 p. c., and \$261,000 at 5 p. c.; Class D, \$110,000 at 7 p. c., and \$21,000 at 4½ p. c.—total, \$3,706,200. Mileage, 304.01 miles—per mile, \$18,771.

The *Bangor City loan* was issued to aid in the construction of the European and North American Ry., and is a lien on the portion of that line extending from Bangor to Winn, 35 m.—per mile, \$17,236. Under the terms of the lease the Maine Central assumed payment of this issue. These bonds were paid off Jan. 1, 1894.

The *Maine Central E. & N. A. Ry. mtg. bonds* were issued to retire the Bangor City loan,—per mile, \$17,236. The bonds are in coupon form, for \$1,000 each, and are secured on the portion of the European and North American Ry. from Bangor to Winn, 55 m.

The *collateral trust loan* is secured by deposit with the American Loan and Trust Co., of Boston, trustee, of \$750,000 6 p. c. 40-year 1st mtg. bonds of the Maine Shore Line RR. Co., issued to the Maine Central under the terms of a perpetual lease of the Mount Desert Branch, dated July 16, 1893. The branch was built by the Maine Central under the charter of the Maine Shore Line RR. Co. Title to the branch was not to have become vested in the Maine Central before the retirement of the Maine Shore Line mtg. bonds; but in conformance with an act of the Legislature passed in Jan., 1897, the conveyance was made in the following year. The Maine Central pays to the Trust Company the interest on the Maine Shore Line bonds, and from the amount thus received the Trust Company pays the interest on the collateral trust bonds, and applies the remaining 1 p. c. to a sinking fund for payment of those bonds at maturity.

(See MANUAL for 1891, page 304.) The bonds are \$1,000 each, and in coupon form. Mileage, 41.13; per mile, \$17,530.

The *M. C. sinking fund bonds* were issued to provide means for paying off floating debt incurred, adding to and

improving road and rolling stock. The bonds are for \$1,000 gold each, in coupon form, and are redeemable by action of a sinking fund of \$16,000 per annum on or after Feb. 1, 1895.

The *Maine Central improvement bonds* (Classes A and B) are both in coupon form, for \$1,000 each; sinking fund for each, $1\frac{1}{2}$ p. c. per annum. Trustees: Class A, New England Trust Co. of Boston; Class B, Boston Safe Deposit and Trust Co. of Boston.

The *Portland and Ogdensburg 1st mtge. 6 p. c. bonds* of July 1, 1900, are secured on the line from Portland, Me., to Bartlett, N. H., 61 miles. They are in coupon form, for \$500 or \$1,000 each. Trustees, Weston F. Milliken, Philip H. Brown, and Thomas H. Haskell.

The *Portland and Ogdensburg consolidated mtge. bonds* of November 1, 1908, are authorized to the amount of \$20,000 per mile. They are secured on the entire property of the P. & O. R.R. Co., subject to the lien of the \$800,000 1st mortgage bonds on the line from Portland to Bartlett, and a sufficient amount of them are reserved for retirement of those bonds. They are in coupon form, for \$1,000 each, and are guaranteed, principal and interest, by the Maine Central R.R. Co. Trustee, Boston Safe Deposit and Trust Company.

The *Dexter and Piscataquis loan* of July 1, 1889-1929 (coupon \$1,000 bonds), is secured on 16.54 miles of railroad from Dexter to Foxcroft and Dover. They are guaranteed, principal and interest, by the Maine Central R.R. Co. Trustee, Boston Safe Deposit and Trust Co., Boston, Mass.

The *Hereford Ry. bonds* are coupon, \$1,000 each, secured on the line of the Hereford Ry. (52.63 miles). Principal and interest guaranteed by the Maine Central R.R. Co. Trustees, Frank Jones, Wm. M. Farwell, W. B. Ives.

The *Upper Coos R.R. 4 p. c. bonds* of May 1, 1890-1930, are secured on the line from North Stratford, N. H., to Beecher Falls, Vt., 22.87 miles. They are \$500 and \$1,000 coupon bonds, principal and interest guaranteed by the Maine Central R.R. Co.

The *Upper Coos 4½ p. c. bonds* are coupon, \$1,000 each, and secured on the extension from Beecher Falls to Quebec Junction, N. H., 32.5 miles. The authorized issue is \$21,000 per mile. These bonds are also guaranteed by the Maine Central. Trustees of both issues, Irving W. Drew, George W. Armstrong, and Enoch G. Swett.

Coupons of all bonds except the Bangor City Loan, are payable at the National Revere Bank, Boston, Mass., the First National Bank, Portland, Me., and at the office of the Treasurer, Portland, Me.; Bangor City Loan coupons, payable at Merchants' National Bank, Boston, Mass. Annual meeting, third Wednesday in December.

DIVIDENDS.—Beginning with Aug. 15, 1882, the company paid to Sept. 30, 1892, 21 regular semi-annual dividends, aggregating $61\frac{1}{2}$ p. c. Dividends are now paid quarterly, beginning with Oct. 1, 1892, at the rate of $1\frac{1}{2}$ p. c. each. On May 12, 1870, \$22.53 per share was paid in interest-bearing scrip.

The bonds of Feb. 1, 1892, are a first mortgage on the line from Gilbertville to Rumford Falls and upon all other property of the company, including the leasehold interest in the Rumford Falls and Buckfield RR., but not including the extension from Mechanic Falls to Auburn. The bonds were issued for the purpose of paying for the extension to Rumford Falls, equipping the same, refunding the indebtedness and purchasing the stock of the R. F. & B. RR. Co. The bonds of October 1, 1892, are a first lien on the extension and a lien subject to the mortgage of Feb. 1, 1892, on the rest of the company's property. The bonds are in coupon form, for \$1,000 each, principal and interest payable in gold at the company's agency in Boston. The company reserves the right to redeem any or all of the extension mortgage bonds on any interest day after Oct. 1, 1897, at 105 and interest. Trustee of both mortgages: Old Colony Trust Co., Boston, Mass. This company owns 4,226 shares of the stock of the R. F. & B. RR. Co., the cost of which is included in construction account.

1st Mortgage Lincoln Park and Charlotte RR.	Jan.	1,1889-1939	5 p. c. Jan. & July	350,000
Total	21,148,500
Less \$1,865,000 Incomes and \$3,000 Consols held by Trustee	1,868,000
Amount Outstanding as per Balance Sheet	10,725,500

Income bonds are non-cumulative; interest payable yearly in Feb., if earned. The R. & P. firsts, the consols of 1892, the general mortgage bonds of 1887, the Lincoln Park and Charlotte bonds, and \$655,000 of the car trust certificates (series 8, 9, and 10) are payable, principal and interest, in gold.

The consols are limited in issue to \$20,000 per mile of completed road. The mileage of the company would permit the issue of \$5,220,000 (which includes bonds provided by the mortgage to be issued on sidings in Buffalo and Rochester, at the rate of \$20,000 per mile, but of this amount \$1,300,000 are held by the trustee to cover the outstanding \$1,400,000 1st mtge. bonds on the Rochester Div. Of the remaining \$3,920,000 that could be issued, \$935,000 were reserved to take up the \$1,870,000 2ds of the Rochester Div. Of this amount \$932,000 have been issued, and \$1,865,000 of the income bonds received by the trustee, making the actual amount of consols outstanding June 30, 1893, \$3,917,000. The trustee holds \$3,000 consols to redeem \$5,000 outstanding income bonds.

The general mortgage bonds are secured upon the entire property of the company. Of these bonds, \$6,000,000 (1 to 6,000) were set apart to take up the following named obligations assumed by the company: \$1,300,000 1st mtge. bonds, R. & P. RR., due in 1921; \$3,920,000 R. & P. consols, due 1922; \$760,000 car trust bonds; and \$20,000 1st mtge. bonds Perry RR., due 1902. The bonds so reserved can be certified to by the Trust Co., and issued only as an equal amount of the assumed securities are cancelled and delivered to the Union Trust Co. The remaining \$4,000,000 bonds can be issued as required by the company, and \$100,000 have been issued in purchase of the stock of the L. P. & C. RR.; \$750,000 on account of construction of the J. & B. RR., and \$2,150,000 for the general purposes of the company. These bonds are for \$1,000 gold each, in coupon form, with privilege of registration.

Preferred stock is entitled to annual dividends of 6 p. c. (non-cumulative) before common stock. On Feb. 15, 1892, the company began paying quarterly dividends of $1\frac{1}{4}$ p. c. each on this class of stock, which were continued to Feb. 15, 1893. Voting power attaches to stock after twenty days' ownership.

Annual meeting, third Monday in Nov., at 36 Wall St., New York. Books close for annual meeting twenty days previously, and remain closed twenty-two days. Interest on bonds payable at the Union Trust Co., New York City, trustee of bonds and registrar of stock; on car trust certificates, at the Gallatin Bank, New York, N. Y.

The bonds cover the entire property of the company. The 1sts were extended from 1870 to 1890 at 7 p. c., and then to 1920 at 4 p. c. 1sts and 2ds are plain coupon. In April, 1881, the rate of interest on consols was reduced from 7 p. c. to 5 p. c. and arrears of interest were settled, two-thirds in preferred stock and one-third in common stock, at par. These bonds are in coupon form, with registration privileges. Trustees: 1sts, Girard Life Ins. & Trust Co., Phila., Pa.; 2ds, John Curran and Wm. P. Orison; consols, Jas. Long. Interest payable at the company's office. Trustees of car trusts: 2d and 4th series, Girard Life Ins. Annuity & Trust Co., Phila., Pa.; 3d, 9th, and 10th series, United Security, Life Ins. & Trust Co., Phila., Pa.; 5th, 6th, 7th, and 12th series, Merchants' Trust Co.,

Phila., Pa.: 5th and 11th series, Union Trust Co., Phila., Pa. All are in coupon form, with privilege of registration. Principal and interest payable at the offices of the respective trustees.

Dividends.—For statement of all dividends paid by the company up to the close of 1890, see *MANUAL* for 1891. In 1891, 1892, and 1893 dividends of 7 p. c. each were paid on preferred stock. On common stock 2 p. c. was paid in 1891, 4 p. c. in 1892, and 5 p. c. in 1893. Preferred stock has preference for dividends up to 7 p. c. Dividends payable Jan. and July, at the company's office.

History.—Organized in November, 1879, as successor to the N. Y. & Oswego Midland R.R. Co. (See MANUAL for 1888, also MANUAL for 1893.)

For use of tracks from Cornwall to Weehawken the company pays till Jan. 1, 1896, for each passenger train of 8 cars or less, 20 cents per mile, and for every additional car, 2½ cents per mile; for freight or mixed trains of 40 cars or less (basis of 8 wheels), 30 cents per mile, and ½ cent per mile for every additional car. After Jan. 1, 1896, the company will pay only its proportionate share of the cost of maintenance, and a like proportion of the interest at 4 p. c. on \$2,000,000 plus the amount expended for necessary improvements subsequent to Jan. 1, 1886. Provision is also made for cars of each company to be hauled by the trains of the other, in order to reduce expenses. The agreement is to run till May 12, 2079, but the Ontario Co. has the option of terminating it after May 12, 1980.

Consol 1st mtge. 5 p. c. 50-year gold coupon bonds, with registration privilege, due 1939, int. June and Dec. \$5,600,000
Refunding mtge. 4 p. c. 100-year bonds, due June 1, 1992, interest Mar. and Sept. 6,500,000

The *consols* are for \$500 (£100) or \$1,000 (£200). They mature June 1, 1939, but are redeemable at the option of the company at 105 and interest after June 1, 1899, on prior notice of six months. These bonds are a first lien upon the entire property of the company, and are additionally secured by deposit of all of the 1st mtge. bonds, and \$1,495,000 (out of \$1,500,000) of the capital stock of the O., C. & S. Ry. Co.

The *refunding bonds* are part of an authorized issue of \$20,000,000. The 1st 6s of 1914 were paid off at 10 p. c. premium on Sept. 1, 1892, from the proceeds of \$5,500,000 of this issue; \$7,000,000 additional are reserved by the trustee for redemption of the consols, and the remaining \$6,500,000 are held for future requirements. The bonds are for \$1,000 gold each, in coupon form, but they may be exchanged for registered bonds of \$5,000 each at the office of the company. The principal of the coupon bonds may also be registered. The bonds draw interest from Sept. 1, 1892. Coupons for the period ending Sept. 1, 1942, are attached to the bonds, and the remaining coupons will be attached on and after that date.

Annual meeting, last Wednesday in Sept., at 56 Beaver St., New York. Books close one month in advance of and reopen within 5 days after the meeting. Interest payable at the New York office. The tracks of the Jamestown & Franklin RR. are operated under a contract for joint user, made with the L. S. & M. S. RR. Co., May 31, 1892, this company paying a monthly rental of \$2,200 and a proportionate share of maintenance, etc.

Proposed Plan of Reorganization.—A plan of reorganization, with or without foreclosure, has been prepared. It is dated Dec. 1, 1893, and provides for the issuing of \$20,000,000 new stock, in shares of \$50 each, \$10,000,000 new gen. mtge. bonds, payable 50 years from April 1, 1893, and bearing interest at the rate of 2 p. c. for the first four years, 3 p. c. for the next four years and 4 p. c. thereafter, and \$10,000,000 in 5 p. c. 50-year non-cumulative income bonds. It is proposed to use these new securities in reconstructing the finances of the company on the following basis: 2d mtge. bonds to receive 50 p. c. in new gen. mtge. bonds, 25 p. c. in income bonds and 25 p. c. in stock; debentures and convertible scrip to receive 5 p. c. in gen. mtge. bonds and 50 p. c. in new incomes; inconvertible scrip to

receive 50 p. c. in stock; and old stock on payment of an assessment of \$3.50 a share to receive for every two shares of present stock of \$100 each, three shares of new stock, of \$50 each, and \$25 per share in new incomes. The amount raised by assessment will be deposited in trust as a special fund and applied to the payment of \$5 in cash on the coupon due April 1, 1893, the balance of the fund to be used in paying the interest on the new gen. mtge. bonds as it becomes due. In addition to the \$5 cash the coupons due April 1, 1893, will be paid \$8.33 in scrip, such scrip to be deposited under the plan. The 1st mtge. bonds and the Warren & Franklin bonds will not be disturbed. In case of foreclosure of the 2d mtge., the stock and bonds of the Union Terminal Co. will be deposited in trust with the trustee of the new gen. mtge., the stock to be held as additional security for the bonds issued under that mtge., and the bonds to be reserved for five years, subject to control and disposal by the reconstruction committee, for use only in carrying out the plan of reorganization. Any bonds remaining after the expiration of the five years to be retained by the trustees for the same purpose as the Terminal stock. The stock to be issued to 2d mtge. bondholders will be held in trust for five years and transferable trust certificates issued in place of it.

The item "stock and bonds owned" shown in the balance sheet includes, in addition to \$10,269,556 capital stock, \$495,942.70 2d mtge. bonds and \$2,010 non-convertible income scrip of 1907, \$64,500 Lackawanna & Southwestern Ry. Co. stock, \$105,000 stock of the Kinzua Valley R.R. Co. and \$231.62 stock of the Central Manufacturing Co. of Buffalo. Stock is entitled to 3 p. c. after payment of an equal rate in cash on 2d mtge. bonds and interest on scrip or debentures. After payment of 3 p. c. more on 2d mtge. bonds stock is entitled to another 3 p. c., and all surplus over 7 p. c. on 2d mtge. bonds is applicable to payment of increased dividends on stocks.

Funded debt (\$31,603,000) consisted, June 30, 1893, of the following:

1st mtge. 5 per cent. 50-year \$1,000 gold bonds, due January 1, 1937, interest January and July	\$8,967,000
1st mtge. (W. & F. R.R.) 7 p. c. 21-year \$500, etc., coupon bonds, due Feb. 1, 1896, interest Feb. and Aug.	773,000
2d mtge. 40-year \$1,000 bonds, due October 1, 1927, interest April and October	19,984,000
2d mtge. 5 per cent. debenture bonds, due 20 years after issue, interest (if earned) April and October	1,879,000

The 1st mtge. bonds were issued under the terms of the reorganization plan as shown in the MANUAL for 1887, page 124. The authorized issue is \$10,000,000, the \$1,033,000 unissued being held in trust to retire W. & F. bonds, due

Feb. 1, 1896, and for betterments and equipment. The bonds are a first lien on the railroad and franchises, and a second on the old equipment, and on the Buffalo Terminal property. They are in coupon form, with privilege of registration. Trustee: Mercantile Trust Co., New York, N. Y.

The 2d mtge. bonds, \$20,000,000 in amount, were also issued under the terms of the plan of reorganization. They are \$1,000 gold each, in coupon form, with privilege of registration. They are a first lien on the old equipment, the Buffalo terminal property and the stock and bonds of the Union Terminal Co. (which stock and bonds are held by the Fidelity Ins., Trust & Safe Dep. Co. of Phila., trustee of the mortgage), and a second lien on the rest of the company's property. The mortgage provided for the payment of interest at the rate of 3 p. c. in cash or 5 p. c. in interest-bearing income scrip for the first five years, 3 per cent. in cash for a second period of five years and 4 p. c. absolutely thereafter. After Oct. 1, 1892, the option of paying interest in scrip expired, and the cash payment due April 1, 1893, went to default.

The debenture bonds were issued in exchange for 2d mtge. income scrip. These bonds are due 20 years after date of issue, but redeemable at option; interest non-cumulative, payable only if earned. 2d mtge. scrip is convertible into debentures.

Annual meeting, 2d Monday in Jan., at Phila., Pa.; books close 2 weeks in advance.

Registrars of stock: Farmers' Loan & Trust Co., of New York, and Fidelity Ins. Trust & Safe Dep. Co. of Philadelphia.

Funded debt, June 30, 1893, consisted of:

1st mortgage 40-year \$1,000 gold coupon bonds, due July 1, 1925, interest January and July\$3,377,000
2d mtge. 5 per cent. 50-year \$1,000 gold coupon bonds, due April 1, 1938, interest April and October 3,377,000
2d mtge. 6 per cent. 10-year coupon scrip, due April 1, 1900, interest yearly, April 1st..... 440,550

The 1st mtge. originally provided for an issue of 6 p. c. currency bonds, but the rate was subsequently reduced to 5 p. c., payable in currency, (at the reduced rate) to be payable in gold. Bonds numbered 1 to 200, inclusive, bear 6 p. c.

The 2d mtge. coupons accruing from April 1, 1890, to October 1, 1892, inclusive, were funded in 10-yr. coupon scrip, due April 1, 1900, with interest payable yearly, at the rate of 1 p. c. for the first year, 3 p. c. for the second year, 5 p. c. for the third year and 6 p. c. yearly thereafter. In April, 1893, the company not yet being able to pay 2d mtge. interest in cash, it was decided to convert one-third of the bonds into 6 p. c. non-cumulative income debentures and to fund two years' interest on the rest of the bonds in 5 p. c. funded coupon scrip secured by deposit in trust of the coupons funded, and it was further proposed to apply about \$250,000 of the bonds surrendered for conversion to payment of the floating debt. In Nov., 1893, the company, finding its revenues diminished by the competition of the trolley surface roads and by the prevailing industrial depression, so that the foregoing readjustment measures had become inadequate, decided upon the conversion of all its 2d mtge. bonds and coupon scrip into 6 p. c. non-cumulative income debentures, and upon the creation of a 6 p. c. cumulative 2d mtge. income bond of \$1,000,000, with the proceeds of

which to pay off its floating debt and provide an adequate guarantee fund. This plan, if successful, will leave no fixed interest charge against the company except that of the 1st mtge. bonds. The consolidation with the Fulton Company is also proposed, as in the original readjustment plan. A sufficient subscription to the income bonds has been guaranteed, upon condition that all the existing 2d mtge. bonds shall be surrendered promptly for the debentures as proposed, and it is the hope of the company that the plan can therefore be made successful.

Either issue of bonds is limited in amount to \$550,000 per mile of completed road. Interest on 1sts payable at Mercantile Trust Co. (*trustee*), New York, N. Y. Trustee 2ds, Central Trust Co., New York, N. Y.

Annual meeting, 2d Wed. in Jan., at company's office; transfer books close 30 days in advance. Registrar of stock, Central Trust Co., New York.

PHILADELPHIA BELT LINE RR.—Chartered May 10, 1889, to build in Philadelphia about 23 miles of standard gauge steel road for the use of connecting railroads. Completed from Bridesburg to Allegheny Ave. 3.54 miles, including sidings. From Callowhill St., south to Tasker St., on Delaware Ave., 2 miles, the tracks of the River Front and Pennsylvania RRs. are used under a traffic agreement entered into on May 2, 1892. When completed the road will extend from a point in the Twenty-sixth ward, on the Schuylkill River, along the course of the latter to the Delaware River, and thence northwardly to Tacony, with a branch along the Aramingo Canal to the county line.

Financial Statement.—Capital stock (par, \$50), \$200,000. The City of Philadelphia owns 51 p. c. of the capital stock (a gift to the municipality by the stockholders), and it is held in trust for the city by the Commercial Exchange and the Philadelphia Board of Trade. The balance of the stock is held by the following-named Board of Trustees: Samuel R. Shipley, Richard Y. Cook, Beauveau Borie, Francis B. Reeves, Girard Life Insurance, Annuity & Trust Co. This disposition of the stock was made in order that the road may forever be controlled in the interest of the trade and commerce of the city.

Sidings, etc., 43.75 miles. Gauge, 4 ft. 8½ in. Rail (steel), 56 to 60 lbs.

History.—Organized in Feb., 1887, and purchased the Peoria, Pekin & Jacksonville and the Springfield & Northwestern RRs.; also a quarter interest in the Peoria & Pekin Union Ry. In Aug., 1890, the St. Louis Extension was completed. (See MANUAL for 1893.) The company defaulted in Sept., 1893, and receivers were appointed by the U. S. Court for the Southern District of Illinois, at Springfield, Ill. The receivership covered also the Jacksonville, Louisville & St. Louis Ry., but upon further proceedings a separate receivership was constituted for that line. On July 26, 1893, the North & South RR. of Ill. was turned over to the receiver for that property, and in Nov., 1893, the Litchfield, Carrollton & Western RR. was surrendered to its owners. The following plan for the reorganization and consolidation of the

C. P. & St. L. and the J., L. & St. L. Ry. Co's., is now under consideration, the Mercantile Trust Co. being the depository of the securities :

PLAN OF REORGANIZATION.—This plan provides for the consolidation of the Chicago, Peoria and St. Louis and the Jacksonville, Louisville, and St. Louis Ry. Cos., and the issue of the following new securities : (a), \$5,000,000 1st mtge. gold bonds, bearing interest at 3 p. c. from July 1, 1894, and 5 p. c. thereafter ; (b) \$2,500,000 2d mtge. income gold bonds, bearing interest from Oct. 1, 1894, at such rate, not exceeding 5 p. c. in each year, as net earnings of that year shall suffice to pay, the new company reserving the power to reduce interest to a 4 p. c. fixed charge, instead of interest depending on income at 5 p. c. ; (c), \$2,500,000 non-cumulative 5 p. c. preferred stock and (d), \$2,500,000 common stock.

The following statement shows the proposed distribution of the new securities :

History.—Consolidation in May, 1892, of the Cleveland & Canton, the Waynesburg & Canton, the Cleveland, Chagrin Falls & Northern, and the C., C. & S. R.R. Cos. (See **MANUAL** for 1892.)

RECEIVERSHIP AND PLAN OF RELIEF.—The preferred stock is entitled to cumulative dividends of 6 p. c., but no distribution has ever been made. On Mar. 26, 1893, with a view to paying off a floating debt amounting to about \$1,000,000, secured by deposit of about \$2,000,000 bonds as collateral, and thereby opening the way to the payment of dividends, it was proposed that a first-class non-cumulative preferred stock should be issued share for share in exchange for the old cumulative preferred, holders to pay a bonus of \$10 per share for the privilege. Under this plan \$2,779,000 of the new stock was issued, but as a portion of it was taken by floating-debt creditors in payment for their claims, the amount of cash received in the way of assessments was relatively small. About two-thirds of the preferred stock had assented to the plan, but the financial stringency rendered the payment of the assessment impossible and the plan failed to bring the relief for which it was designed. The earnings of the road also fell off considerably, and application was made for a receivership. Receivers were appointed Sept. 15, 1893. Default was made, Oct. 1, 1893, on equipment, trust and 2d mtge. interest, and on Dec. 1, 1893, Waynesburg & Canton 1st mtge interest was defaulted. In Oct., 1893, a proposition was made to floating-debt creditors and holders of liens below the \$2,000,000 Cleveland & Canton 1st five, the \$6,000,000 Coshocton & Southern 1st five, and the \$200,000 Waynesburg & Canton 1st five. It provides for an issue of \$1,100,000 6 p. c. receivers' certificates, payable in 2 yrs., but subject to redemption in 6 months, a portion of them to be applied to the payment of floating debt; the certificates to be next in lien to the three issues before named. They will therefore be 2d lien on the lines from Cleveland to Canton, 161 m.,

from Coshocton to Zanesville, 80 m., and from Canton to Marks, 6.5 miles, and a 1st lien on the Chagrin Falls Branch and on the consolidated property. It is proposed to retire the Chagrin Falls Branch bonds and the bond issues under the recent general and consolidated mortgages. The proposition has been accepted by a sufficient number of the junior security holders and creditors to make the plan operative. In Jan., 1894, the receivers were authorized to issue the certificates.

Funded Debt: 1st mtge. 5 p. c. \$1,000 gold coup. bonds (with provision for registration of principal), dated April 1, 1891, due May 1, 1941, interest May and Nov.; principal and interest payable at the company's agency in New York; total issue not to exceed \$10,000,000. Of the amount outstanding on June 30, 1893, \$5,479,000 was issued in exchange for an equal amount of 1st mtge. bonds of Nov. 1, 1888, and \$600,000 to pay for extension improvements and new equipment. The remainder of the bonds can be issued only as and to the extent that consent shall be given from time to time by a majority of the stockholders, by resolution, and then only for additions to the property, at cost, upon certification to the trustees by the President or Vice-President and Engineer of the company. The bonds pass by delivery, or by transfer on the books of the company at its agency in the City of New York. After a registration of ownership no transfer is valid except upon the books at the transfer agency, unless the last transfer is to bearer, in which case the transferability by delivery is restored. But the bond is subject to successive registrations and transfers at the option of each holder, provided the coupons yet to mature are attached to the bond. The coupons are payable to bearer in all cases, whether the bond itself is registered or not. Trustees, Central Trust Co., New York, and John M. Butler, Indianapolis, Ind. Interest payable at the office of Drexel, Morgan & Co., New York, N. Y.

Capital Stock.—In 1891-92 the share capital of this company was increased from \$5,000,000 to \$12,000,000, in accordance with a resolution of the stockholders dated Nov. 9, 1891, and the new stock disposed of to shareholders at 25 p. c. of its face value, the proceeds being used to discharge the debt of the company and for adding to its equipment and improving the physical condition of the property. At a meeting of the stockholders held April 12, 1893, an issue of \$4,000,000 preferred stock was authorized to provide means for further additions and improvements to the road and equipment and an additional \$3,000,000 of preferred stock was authorized in accordance with a plan for the conversion of the then existing 120,000 ordinary

shares into preferred and common classes, viz.: \$3,000,000 6 p. c. non-cumulative preferred stock and \$9,000,000 common stock, which plan has since been carried into effect. Subsequently, in Nov., 1893, the company issued \$1,500,000 of the \$4,000,000 preferred stock authorized in April, 1893, and offered same to stockholders at \$40 per share. Stock outstanding in Jan., 1894—preferred, \$4,500,000; common, \$9,000,000. The company paid its first semi-annual dividend of $1\frac{1}{2}$ p. c. on preferred stock on Feb. 15, 1894, from the net earnings of the six months ending Dec. 31, 1893.

Funded debt (\$12,800,000) consisted, June 30, 1893, of—

1st mortgage (main line), 6 per cent. 30-year gold bonds, due July 1, 1910, interest January and July	\$3,000,000
1st mortgage (C. & I. Div.), 6 per cent. 30-year gold bonds, due August 1, 1911, interest Feb. and Aug.	2,500,000
Consol. mortgage 6 per cent. 30-year gold bonds, due April 1, 1916, interest April and October.....	4,700,000
General mortgage 5 per cent. 50-year gold bonds, due May 1, 1940, interest May and November.....	2,800,000

Bonds of all classes are for \$1,000 each, in coupon form, with provision for registration of principal. The authorized issue of consol. mtge. bonds is \$10,000,000, of which \$5,300,000 are deposited with the Farmers' Loan & Trust Co. to meet prior liens. The bonds are additionally secured by deposit with the Farmers' Loan & Trust Co. of \$1,000,000 of stock in the Chicago and Western Indiana RR. Co., \$240,000 of stock in the Belt Ry. Co., of Chicago, and the entire capital stocks of the Bedford and Bloomfield RR. Co. (\$200,000) and the Orleans, West Baden and French Lick Springs Ry. Co. (\$300,000). Trustees: Farmers' Loan & Trust Co. of New York, and John H. Baker.

The *gen. mtge. bonds* were authorized for the purpose of retiring the prior lien bonds (\$10,000,000), and providing additional equipment, etc. They are for \$1,000 each, in coupon form, with privilege of registration, and are secured by mortgage of the entire line and corporate property, including the Chicago terminals. Authorized issue, \$25,000 per mile of main track.

The operations of the C. & W. I. RR. and of the Belt Ry. of Chicago (in which the company is one-fifth owner) have yielded a profit which enables the payment of 6 p. c. dividends on the stock.

Annual meeting, third Wednesday in September. Stocks and bonds listed on New York Stock Exchange. Interest payable at Chase National Bank, New York, N. Y.

RAILROADS OWNED OR OPERATED BY THE LOUISVILLE, NEW ALBANY & CHICAGO RY. CO.

BEDFORD AND BLOOMFIELD RR.—Bedford to Switz City, Ind., 41.40 miles. Gauge, 3 ft. Reorganization, March 12, 1893, of the Bedford, Springfield, Owensburgh & Bloomfield RR. Co. Purchased by the L. N. A. & C. Ry. Co., August 1, 1886. *Rolling Stock*.—Locomotives, 4. Cars—passenger, 1; combination, 2; freight (box, 15; stock, 5; flat, 26; coal, 19; caboose, 1), 66; work, 2—total, 71. Capital stock, \$600,000. This company has no debt, and its entire capital stock is deposited as security for the L. N. A. & C. consol. mtge.

ORLEANS, WEST BADEN AND FRENCH LICK SPRINGS RY.—Orleans to French Lick Springs, Ind., 17.7 miles. The Orleans, Paoli & Jasper Ry. Co. was organized in July, 1885, to build from Orleans to Jasper, Ind., 41 miles, and received local aid to the amount of \$47,620. Purchased by the L. N. A. & C. Ry. Co., March 1, 1886, and name changed. Completed as above about April 1, 1887. Cost to December 31, 1890, \$500,000. The company has no debt, and its entire capital stock is deposited as security for the L. N. A. & C. consol. mtge.

NOTE.—The maintenance of separate organizations for the Bedford & Bloomfield and the Orleans, West Baden and French Lick Springs RRs., entails a considerable amount of trouble and expense without any compensating advantage, and in the near future an effort will be made to unite them legally with the parent corporation, of which they now constitute physically an integral part.

Funded debt (\$5,463,000) consisted, June 30, 1893, of the following:

1st mtge. 6 p. c. 40-yr. \$1,000 gold coup. bonds, due June 1, 1921, interest June and Dec.....	\$2,663,000
Gen. mtge. 4 p. c. 70-yr. \$1,000 coup. bonds, due May 1, 1921, interest May and Nov.....	\$2,800,000

The authorized amount of *1st mtge. bonds* is \$4,000,000, being at the rate of \$15,000 per mile upon branches or extensions. To provide means for the Lima Extension, 67 m., and also for the extension from Wellston, 9.25—total, 76.25 miles, there were issued during the past year \$1,145,000 of these bonds (Nos. 2,101 to 3,245 inclusive). Additional *1st mtge. bonds* to the amount of \$225,000 (Nos. 3,233 to 3,457 inclusive) have been authorized on a projected line through the City of Lima, and a branch from Wellston to Hawkes—total, 15 miles. Trustee, Central Trust Co., New York City. On Feb. 1, 1894, there were outstanding and listed on the New York Stock Exchange, \$3,363,000 of these bonds.

The *general mortgage bonds* are secured by general mortgage on all the corporate property, equipment, rights and franchises of the company, subject to the 1sts. Of these bonds a sufficient amount (\$309,000) was used for the retirement of the 2d mtge. incomes (all of which were retired during the past fiscal year), to provide for matured car trust obligations and for other purposes of the company. Trustee, Central Trust Co., New York City. Of these bonds, \$2,511,000 are listed on the New York Stock Exchange.

Annual meeting, 3d Monday in April, at Springfield, O.; books close 10 days in advance. Interest payable at office of Central Trust Co., New York City. Trustee of bonds and registrar of stock, Central Trust Co., New York, N. Y. Stock listed on the New York Stock Exchange.

TOLEDO, ST. LOUIS AND KANSAS CITY RAILROAD COMPANY.

Line of Road.—Toledo, O., to East St. Louis, Ill. 450.72 miles.
Sidings, etc., 70.92 miles. Gauge, 4 ft. 8½ in. Rail—iron, 50; steel (510.72 miles), 61½ lbs.

History.—Organized June 12, 1886, by the purchasers of the Main Line and the St. Louis Division of the Toledo, Cincinnati and St. Louis Railroad, which were sold under foreclosure December 30, 1885. On May 19, 1893, the property of this company was placed in the hands of a receiver on the application of a judgment creditor, and on June 1, 1893, default was made in the payment of interest on the first mortgage bonds. Subsequently a committee of the bondholders were appointed under the terms of an agreement, dated August 4, 1893, with power to foreclose the mortgage and reorganize the company, and plans for carrying this into effect are now under consideration.

PREFERRED STOCK.—The preferred stock is a lien on net earnings after first mtge. bonds. It is entitled to 4 p. c. after January 1, 1888, payable semi-annually, but not cumulative, coupons representing unearned interest to be surrendered on payment of a subsequent maturing coupon. The company can create no other mtge. on its main line, nor increase the issue of preferred certificates, without the consent of two-thirds of the preferred stock, present at a meeting, to be called for that purpose.

Funded debt (\$10,000,000) consisted June 30, 1893, of the following :

First mortgage 6 per cent. 30-year \$1,000 gold coupon bonds, due June 1, 1916, interest June & Dec	\$9,000,000
Debenture 5 per cent. 50-year bonds, due 1943, interest payable January and July	1,000,000

The 1st mtge. bonds are tax free, and are transferable by delivery, or by transfer on the books of the company in the City of New York, after a registration of ownership certified thereon by the transfer agent of the company. Power is reserved by the company, on giving six months' notice on any coupon day, to redeem the entire series at 106 and accrued interest. The bonds were issued to trustees, and delivered as the road was reconstructed and new equipment provided. Principal and interest payable in gold at the agency of the company in New York City. An additional \$500,000 of the bonds were originally authorized for the construction of a cut-off from Dupont, O., to Decatur, Ind. These bonds have been cancelled and the construction of the cut-off abandoned for the time being.

Annual meeting, second Wednesday in Sept., at Toledo, O. Books close for annual meeting ten days in advance. Voting power attaches to stock after ten days' ownership. Preferred coupon stock not entitled to vote. Registrar of stock and trustee of bonds, Farmers' Loan and Trust Co., New York, N. Y. First mortgage bonds listed on the New York Stock Exchange.

CAPITAL STOCK.—By the articles of incorporation the share capital of this company was placed at \$3,600,000, in shares of \$100 each. By resolution of the stockholders passed Mar. 21, 1888, this stock was made preferred stock with precedence of common stock for dividends up to 6 p. c. per annum, non-cumulative, and to share pro rata in any surplus over 6 p. c. on the entire capital stock, and new certificates were issued in exchange for the old. On Aug. 15, 1887, an issue of \$3,500,000 common stock was authorized to provide the means for extending the line from Bowerston to Martin's Ferry. Under authority of a resolution of the shareholders, Dec. 19, 1889, \$2,500,000 additional common stock was issued and the proceeds availed of to construct a branch from Portland Station to Steubenville, O., providing increased equipment and acquiring control of the Wheeling, Lake Erie & Pittsburgh Coal Co., by purchase of \$670,000 out of \$1,000,000 stock. A further increase of \$4,000,000 common stock, making the total issue \$10,000,000, has been made since the close of the fiscal year, under authority of a resolution of the stockholders, July 1, 1892, to provide increased tracks and terminal facilities and otherwise improve the physical condition of the property.

Funded debt (\$6,632,000) consisted, June 30, 1893, of the following issues:

1st mtge. (L. E. Div.) 5 per cent. 40-year \$1,000 gold bonds, due October, 1, 1926, int. April and Oct.....	\$3,000,000
1st mtge. (Wh. Div.) 5 per cent. 40-year \$1,000 gold bonds, due July 1, 1928, int. Jan. and July.....	1,500,000
1st mtge. extension and improvement 5 per cent. 40-year \$1,000 gold bonds, due 1930, int. Feb. and Aug.....	1,532,000
Consol. mtge. 4 per cent. 100-year \$1,000 gold bonds, due July 1, 1992, int. Jan. and July.....	600,000

The *Lake Erie Division bonds* are secured on the line from Bowerston to Toledo, 173.36 miles, and the branch to Huron, 12.4 miles. They are in coup, form, but may be registered at the agency of the company in New York. Principal and interest payable at the company's office in New York. Trustee, Mercantile Trust Co., New York, N. Y.

The *Wheeling Division bonds* are secured by a first mtge. on the extension from Bowerston to Martin's Ferry, 40.12 miles, and by second mtge. on the line from Bowerston to Toledo, and branch to Huron. The bonds are in coup, form, but may be registered as to principal. They are dated April 21, 1888, due July 1, 1928. Interest payable at the office of the trustees, the Central Trust Co., New York, N. Y.

The *Extension and Improvement bonds* are secured by first mtge. upon the Steubenville and Bellaire extensions, as well as by general mtge. upon the rest of the company's property, and are additionally secured by deposit with the Central Trust Co. of New York, trustee of the mtges., of stocks of auxiliary companies, as follows: Wheeling, Lake Erie and Pittsburgh Coal Co., \$670,000; Toledo Dock and Coal Co., \$50,000; Toledo Belt Ry. Co., \$300,000. The authorized issue is \$1,900,000, of which \$368,000 are reserved to retire the Belt Ry. bonds. The bonds are in coup, form, but they may be registered at the company's office in New York. They are dated Dec. 20, 1889, due Feb. 1, 1930.

The *Consolidated mtge. 4 p. c. 100 yr. gold bonds* are secured on the entire property, subject to prior liens. The bonds are in coup, and reg. forms; both principal and interest payable at the agency of the company in the city of New York, or at the option of the holders, in London, Eng. Of the authorized amount (\$8,000,000), \$6,400,000 are reserved and deposited with the trustee for the redemption of the existing divisional mtges., and the remaining \$1,600,000 are held in trust, to be issued only for property necessary for the operation of the road, or the enlargement of the company's business, and then only under authority of a certificate from the Chief Engineer and a resolution of the Board of Directors. Trustee, Central Trust Co. of New York.

Series A bonds are a first lien on the road from Greensboro' to the South Carolina State Line, 150 miles; and a second lien, in common with Series C bonds, from Greensboro' to Mt. Airy, 73.4 miles, and, in common with Series B bonds, from Fayetteville to Wilmington, 82 miles.

Series B are a first lien on the road from Greensboro' to Mt. Airy, 73.4 miles; and a second lien, in common with Series C bonds, from Greensboro' to the South Carolina State Line, and in common with Series A bonds, from Fayetteville to Wilmington.

Series C bonds are a first lien on the road from Fayetteville to Wilmington, 82 miles; and a second lien, in common with Series B bonds, from Greensboro' to the South Carolina State Line, and, in common with Series A bonds, from Greensboro' to Mt. Airy.

The aggregate amount of the above described three series of bonds is \$3,054,000, or \$10,000 per mile of line. The consol. mtge. bonds are secured on all lines owned (328.18 m.) subject to the lien of the 1sts, and with the latter average \$15,000 per mile.

The North State Improvement Co., which owns the railroad, holds the entire amount of consols outstanding, and it is understood that no part of the interest on these bonds is to be paid till the earnings are sufficient to pay the entire amount.

Interest payable at Farmers' Loan and Trust Co., New York, N. Y. Annual meeting, first Thursday of Oct.; books close 30 days in advance, and stock owned then may be voted. Trustee of bonds, Farmers' Loan and Trust Co., New York, N. Y.

The funded debt outstanding June 30, 1893, consisted of:

1st mortgage main line 5 per cent. 30-year \$1,000 coupon bonds, due July 1, 1918, interest Jan. and July... \$3,000,000
1st mortgage land grant extension 5 p. c. 40-year \$1,000 coup. bonds, due July 1, 1930, int. Jan. and July... 428,000
1st consolidated mortgage 5 per cent. 50-year \$1,000 coupon bonds, due July 1, 1943, int. Jan. and July... 3,382,000

The 1st mtge. main line bonds constitute an issue of \$3,000,000 (Nos. 1 to 3,000), secured by a mtge. dated July 12, 1888, to the Central Trust Co., New York, N. Y., trustee. They are corp. bonds, with privilege of registration, int. payable Jan. and July at the New York Guaranty and Indemnity Co., New York City. These bonds are secured on the following lines: Fernandina to Cedar Keys; Hart's Road to Jacksonville; Jacksonville to Chattahoochee River, with branches to Monticello and St. Marks; from Waldo south to Plant City, with branch from Wildwood to Tavares; and from Panasoffee Lake to Sumterville—a total distance of 573.5 miles.

The 1st mtge. land grant extension bonds are secured by 1st mtge. on the following lines: Plant City to Tampa, 22.5; Tavares to Orlando, 32; Archer to the Eagle and Early Bird and other phosphate mines, 22.19; Turkey Creek Station to the Alafia River, 5.09—total, 91.78 miles, and also by 2d mtge. on the lines covered by the 1st main line mtge. (see above). The company acquired by building to Tampa, 67,000 acres of land valued at \$121,000, and is entitled to receive from the State of Florida 122,840 acres of land for the line from Tavares to Orlando. Of the latter grant only 5,000 acres have as yet been decided. These lands are covered by this extension mtge., and the proceeds of their sale will be applied to the purchase, at the market price, and the cancellation of these bonds. These bonds are dated Jan. 1, 1890, mature Jan. 1, 1930, int. payable Jan. and July at the New York Guaranty and Indemnity Co., New York City. Trustee, Atlantic Trust Co., New York City.

The first consol. mtge. bonds are authorized at a rate not exceeding \$10,000 p. m. of completed road, for the purpose of retiring the 1st preferred stock (\$1,582,000); the redemption of \$3,428,000 prior bonds, and for the construction and acquisition of other roads, branches, and extensions. Auth. issue \$7,800,000. They are secured by 1st mtge. on the line from Hart's Road to Savannah, Ga., 114.2 miles, and by 2d mtge. on all other lines. They are \$1,000 each, in coupon form, with privilege of registration, interest payable at the New York Guaranty and Indemnity Co., New York City. Trustee, New York Guaranty and Indemnity Co., New York, N. Y.

At a meeting held Sept. 15, 1892, it was decided to issue the existing \$4,500,000 4 p. c. cumulative preferred stock in exchange, at par, for the old 1st and 2d preferred 5 p. c. stock. The new issue also has preference as to principal. It will be exchangeable for bonds issued under any subsequent 4 p. c. mtge.

In July, 1892, this company guaranteed interest at 5 p. c. from Oct. 1, 1893, on \$2,033,000 bonds of the South Bound RR. Co. See statement of that company.

Annual meeting, 1st Thursday in March, at Jacksonville, Fla.; books close fifteen days before annual meeting and dividend payments. Registrar of stock, American Exchange National Bank, New York City. Trustees of bonds (consols.), N. Y. Guaranty and Indemnity Co., New York, N. Y. Par value of stock, \$100. Dividends payable at N. Y. Guaranty and Indemnity Co., N. Y.

Sanford and Lake Eustis Division: Sanford to Tavares, Fla..... 30

De Land Branch: De Land Junction to De Land, Fla..... 4

Indian River Division: Enterprise to Titusville, Fla..... 37—200 miles.

Sidings, etc., 27.61 miles. Gauge, 4 ft. 9 in. Rail (steel), 56 lbs.

History.—Consolidation, May 1, 1890, of the Jacksonville, Tampa and Key West Ry. Co., the Atlantic Coast, St. Johns and Indian River Ry. Co. and the Sanford and Lake Eustis RR. Co. The De Land and St. John's River RR. was purchased and merged in the summer of 1890. This company has a land grant of about 1,500,000 acres. (See MANUAL for 1889, 1891, and 1892.) The holders of the consolidated mtge. bonds pledged as collateral for the notes of the company, having presented the coupons for payment, and a default having been made, the Pennsylvania Co. for Ins. on Lives and Granting Annuities, trustee of the consolidated mtge., began in July, 1892, a suit for the foreclosure of this mtge., in which suit Joseph H. Durkee was appointed Receiver of the mortgaged property, April 8, 1893.

Rolling Stock, June 30, 1893.—Locomotives, 26. Cars—passenger, 21; baggage, mail, and express, 13; freight (box, 376; stock, 4; flat, 85), 465; caboose, 6; other, 2—total, 533.

Operations, year ending June 30, 1893 (200 miles).—Train mileage—passenger, 273,771; freight, 152,188; mixed, 83,673—total, 509,632 miles. Passengers carried, 135,972; carried one mile, 8,760,029; average mile rate, 2.99 cents. Tons freight moved, 235,424; moved one mile, 21,678,066; average ton-mile rate, 2.19 cents.

* The deficit of \$340,836.11 occurred principally on account of the earnings and operating expenses not being shown on the books of the G. S. & F. RR. until July, 1890, while the interest on bonds is shown from the earliest period. This is brought about by the fact that the road was operated by the Macon Construction Co. without being separated from other properties of that company.

The guaranteed stock bears interest, \$481,100 at 7 p. c. and \$19,300 at 6 p. c. The dividend obligations were issued to stockholders in place of net earnings, applicable to dividends, which had been expended on improvements and credited to profit and loss. They stand upon precisely the same footing as common stock, except that they do not carry voting power; and they are entitled to share equally in any dividends that may be declared.

Dividends of 7 p. c. each were paid on common stock, and dividend obligations in 1888 and 1889; 6½ p. c. in 1890, 7 p. c. in 1891, 1892, and 1893, and 3½ p. c. in Jan., 1894.

Funded debt outstanding (\$1,120,891.23), June 30, 1893, consisted of:

History.—Consol., Dec. 19, 1843, of the South Carolina Canal and RR. Co. (chart. Dec. 19, 1827) and the Louisville, Cincinnati and Charleston RR. Co. (chart. Dec. 19, 1835). (See MANUAL for 1890.) The expense of rebuilding the road after the war, together with the accumulation of its liabilities, necessitated a heavy floating debt, the pressure of which forced it to default in 1878, and in Oct. of that year it was placed in the hands of a receiver; sold under foreclosure July 28, 1881, and reorganized Nov. 1, 1881, under present title. On Jan. 2, 1889, default was made in interest on 2d mtge. bonds and a receiver appointed in Oct., 1889. On July 1, 1891, the receiver paid to date interest on all bonds having a prior lien to that of first consols, and in Mar., 1892, he paid the coupons due April 1, 1891, on the first consols.

The Carolina, Cumberland Gap and Chicago RR. is leased by the receiver of this company; and the Columbia, Newberry and Laurens Ry., formerly leased, is now operated by the Atlantic Coast Line. (See GENERAL INDEX.)

In Nov., 1893, the U. S. Circuit Court ordered a foreclosure sale of the road under the 1st mtge. of 1868, to take place April 12, 1894.

Rolling Stock, Oct. 31, 1893.—Locomotives, 50. Cars—passenger, 27; combination, 14; baggage, mail, and express, 9; freight (box, 989; flat, 135; stock, 13; gondolas, 278; caboose, 24), 1,439; shanties, 14; wood, 4; derrick, 1; tool, 1; commissary, 1; private, 2; pay, 1—total cars, 1,513. Of this equipment, 242 box and 48 gondola cars are leased from the Southern Iron Car line, and 1 locomotive and 17 cars (1 passenger, 1 combination, 5 box, and 10 flat) are owned by the C., C. G. & C. Ry. Co.

Operations, year ending Oct. 31, 1893.—Engine mileage—passenger, 533,704; freight, 508,862; work and shifting, 483,398—total, 1,525,964 miles. Passengers carried, 293,255; carried one mile, 15,572,639; average mile rate, 2.001 cents. Tons freight moved, 834,883; moved one mile, 78,533,016; average ton-mile rate, 1.245 cents. General mortgage 4 per cent. 50-year bonds, due September 1, 1933, interest March and September.....	8,159,430

In addition to the debentures represented in the preceding statement, there were outstanding, July 1, 1893, \$3,860,500 1st debentures, \$1,790,600 2d debentures, \$592,300 3d debentures, and \$894,200 4th debentures, making a total of \$7,146,600 debentures, transferred to and standing on the books of the company in the name of the Farmers' Loan and Trust Company, trustee of the gen. mtge., and \$1,439,500 1st debentures held in the sinking fund.

The 1st mtge. 6s of 1927 are secured on the main line from Mobile, Ala., to Columbus, Ky., 472 miles. These are \$500 and \$1,000 bonds, in coup. form, with privilege of registration; principal payable in gold, interest in lawful money. The 1st mtge. extension 6s of 1927 are secured on the Kentucky and Tennessee RR. (Cairo Extension), and are also a first lien on the several branches of the M. & O. RR., 34 m., upon the transfer and terminal properties in Cairo, Ill., and the transfer steamer W. B. Duncan, and upon the net income of the road after payment of the expenses of its maintenance and operation and of the interest on the 1st mtge. bonds. These are \$1,000 coup. bonds, with privilege of registration; coupons payable J., A., J. & O.; principal and interest payable in gold.

The gen. mtge. bonds are in coupon form, with privilege of registration, in denominations of \$500 and \$1,000; coupons payable Mar. & Sept.; first coup. payable Mar. 1, 1889, but no right to enforce the mortgage security shall arise in consequence of failure to pay interest until there shall have been four successive coupons in default; are secured on the main line and branches, the K. & T. RR. and the lands of the company. The interest due Mar., 1889, was paid in scrip, and that due Sept., 1889, first in cash and half in scrip; since Mar., 1890, all in cash. The total authorized issue is \$10,500,000, of which \$8,159,430 is outstanding, as shown before; \$40,570 is held by the Farmers' Loan and Trust Company to be exchanged for debentures; \$1,591,500 is in the treasury of the company for its general purposes, and \$708,500 has been cancelled.

"By the provisions of the gen. mtge., the holder of each \$500 thereof is entitled to one vote under the deed of trust of May 15, 1888, at all meetings held for the purpose of directing the Farmers' Loan and Trust Co. how to vote upon the debentures held by it for the benefit and security of the said general mtge. bonds, and for this purpose a 'voting register' has been established at the office of the company in the City of New York, where such voting power is inscribed in the names of the parties to whom the said gen. mtge. bonds may have been originally issued, and where any succeeding holder of the bonds may, from time to time, have the same inscribed in his own name for voting purposes."

The authorized share capital is \$10,000,000, of which \$5,320,600 is outstanding, \$2,359,400 issue of 1873 is in the treasury of the company, and \$2,320,000 remains unissued.

Annual meeting, 3d Wednesday in Feb. Trustee of bonds, Farmers' Loan and Trust Company, New York, N. Y. Interest payable at the office of the Trustee, on all bonds except gen. mtge. 4s, interest on which is payable at the Gallatin National Bank, New York, N. Y. Stock may be transferred and bonds registered at the company's offices in Mobile and New York. Registrar of stock, Farmers' Loan and Trust Co., New York.

CHICAGO GREAT WESTERN RAILWAY COMPANY.

History.—Chartered Jan. 5, 1892, under the laws of the State of Illinois. Created for the purpose of reorganizing the Chicago, St. Paul and Kansas City Ry. Co. on a stock basis. The authorized capital of the company is as follows: \$15,000,000 4 p. c. debentures, interest payable half yearly in gold; \$15,000,000 5 p. c. preferred stock "A," dividend contingent on earnings, payable half yearly in gold; \$10,000,000 4 p. c. preferred stock "B," dividend contingent on earnings, payable in gold; \$30,000,000 common stock.

The plan of reorganization provided: (1) That this company should assume all the \$1,524,312.35 of rolling stock lease warrants and the \$2,823,150 priority loans (aggregating \$4,347,462.35) of the Chicago, St. Paul and Kansas City Ry. Co.

(2) That the \$18,954,000 1st mtge. bonds of the Chicago, St. Paul and Kansas City Co. should be exchangeable for \$9,477,000 of 4 p. c. debentures and \$11,372,400 5 p. c. preferred stock "A."

(3) That the \$4,886,000 general mortgage bonds should be exchangeable for a like amount of 4 p. c. preferred stock "B."

(4) That the \$4,981,700 income bonds, on payment of an assessment of 10 p. c., should be exchangeable for double their face value in common stock, or if the assessment was not paid within a specified time they should be exchangeable for one and one-half times their face value in common stock.

(5) That the \$14,892,900 of stock, on payment of one assessment of \$10 per share, should be exchangeable for common stock at par, but if the assessment was not paid within a specified time holders were to receive only 50 p. c. in common stock.

(6) That for all cash paid in assessments by either income bondholders or stockholders, the payor should be entitled to receive preferred stock "B" at the rate of 50 p. c. of its par value.

Under this plan the following securities of the Chicago, St. Paul and Kansas City Ry. had been exchanged to June 30, 1893:

	1st Mtge Bonds.	Gen. Mtge. Bonds.	Income Bonds.	Stock.	Total.
Amount Exchanged.....	\$18,350,000	\$4,841,000	\$4,476,800	\$14,248,250	\$41,916,050

The Leavenworth and St. Joseph RR., from Bee Creek to Beverly, Mo., 23 miles, leased for 990 years from Feb. 1, 1891, to the Chicago, St. Paul and Kansas City Ry. Co., was operated under the lease by the Chicago Great Western Co. till Jan. 15, 1893, when it was purchased outright for \$500,000 (paid from cash assessments) and consolidated. (See MANUAL for 1893.) Of the balance of the \$1,301,265 cash subscriptions, \$798,325 was expended in part payment of rolling stock lease warrants and floating debt of the old company, and the remaining \$2,940 is in the Bank of England, subject to the order of the Finance Committee.

Funded debt consisted, June 30, 1893, of:

1st mortgage (St. P. & D.) 5 per cent. 50-year bonds, due August 1, 1891, interest February and August.....\$1,000,000
 2d mortgage (St. P. & D.), 5 per cent. 30-year bonds, due October 1, 1917, interest April and October.....2,000,000

Guaranteed, principal and interest:

1st mortgage (D. S. L.) 5 per cent. 30-year bonds, due September 1, 1916, interest March and September.... 500,000
 1st mortgage (T. F. & L. S.) 6 per cent. 30-year bonds, due January 1, 1914, interest January and July..... 210,000

All of the above described bonds are for \$1,000 each, in coupon form, with privilege of registration. The T. F. & L. S. RR. Co. bonds are additionally secured by sinking fund provision, but bonds cannot be drawn before maturity. Trustee of all mortgages, Central Trust Co., of New York, N. Y. Principal of bonds payable at the office of the trustee; interest at the company's New York office. Both issues of St. Paul & Duluth bonds, and also both classes of stock, listed on the New York Stock Exchange.

Capital stock auth., \$12,000,000—common, \$6,000,000, and preferred, \$6,000,000. The preferred stock is entitled to dividends, payable semi-annually, on the first days of Mar. & Sept., equal to the net income of the company from all sources, but such dividend is limited to 7 p. c. per annum. This dividend is a first charge on the net profits of the road, and it is provided that in the event of a deficiency of such net profit to pay the stipulated 7 p. c., the net income from stumping and land sales shall be applied to the dividend fund. Provision is also made that when not so applied the net income from stumping and land sales each year, when equal to at least \$10,000, shall be used in the purchase of preferred stock, if said stock is below par in the market, and to be drawn as in the operation of the sinking fund if above par. In addition to this provision for its gradual reduction, preferred stock is receivable for lands at par. Common stock is entitled to dividends from the earnings of the railroad, limited to 6 p. c. in any one year, after the payment of preferred stock dividends, any surplus then remaining to be applied to purchase of preferred stock. The power of casting one vote at all meetings of the company is vested in each share of preferred stock and in every three shares of common stock.

Dividends.—A statement of all dividends paid by the company from its organization to Sept. 1, 1891, was published in the *MANUAL* for 1892, page 563. Semi-annual dividends (Mar. & Sept.) of 3½ p. c. each on preferred stock were paid: '92 and 1893. Total amount paid in dividends to Sept. 1, 1893, \$5,484,659.19, of which common stock, \$601,800; preferred stock, \$820,703.69, and cash, \$4,059,095.50. In Feb., 1894, a dividend of 2½ p. c. was paid on preferred stock.

Land Department.—Lands earned: Congressional grant, 992,000 acres; and State (swamp land) grant, 694,000 acres—total, 1,686,000 acres. Lands received: Congressional, 816,083.55; State, 690,333—total, 1,506,416.55 acres. Unsold June 30, 1892, 1,104,144.40 acres; acquired by cancellation of contracts during the year, 528.48 acres; under congressional grant, 600.80 acres; and there were sold, 12,098.54 acres; leaving 1,093,180.14 acres unsold June 30, 1893. Preferred stock is receivable at par for lands sold.

Land and Stumpage Income Account for year ending June 30, 1893.—Cash receipts from stumping, \$141,046.45; from land sales, \$7,091.03; from land contracts, \$30,467.69; from town lot sales, \$1,392; from stumping notes, \$4,784; from town lot contracts, \$20; prospecting and mining leases, \$400; royalty and mining leases, \$937.50; land and stumping interest, \$6,860.90—total, \$192,999.57. Expenses, \$24,670.15. Net land receipts, \$168,329.42; all of which was transferred to redemption fund for retirement of preferred stock.

Annual meeting, 2d Thursday in Oct., at St. Paul, Minn. Interest and dividends on preferred stock payable in New York, N. Y.; the latter Mar. 1 and Sept. 1. Books close for annual meeting and for dividend payments 20 or 30 days in advance. Registrar of stock and trustee of bonds, Central Trust Company, New York.

MINNEAPOLIS AND DULUTH RR.—White Bear Lake to East Minneapolis, 13.50 miles. The construction of this road was originally authorized under the charter granted to the Minnesota Western RR. Co., dated Mar. 3, 1857. By Act of Feb. 4, 1870, that company was empowered to divide into separate and distinct companies and to adopt different names. (See Minneapolis & St. Louis RR.) The construction of this road was begun in April, 1871, and on Aug. 15 of that year it was opened for business. On its completion it was leased to the Lake Superior & Mississippi R.R. Co., but on the default of that company it reverted to the control of its stockholders, who subsequently leased it to the Minneapolis & St. Louis Co. In May, 1881, it was merged into the latter corporation, and shortly thereafter the St. Paul & Duluth acquired control of it under the terms of a lease by which the rental is a percentage of gross earnings on local business—in 1893, \$24,442.55.

STILLWATER AND ST. PAUL RR.—White Bear to Stillwater, Minn., 12.50 miles. Chartered Jan. 24, 1867; opened Dec. 9, 1870. Leased to St. Paul & Duluth RR. Co. for 99 years from Jan. 1, 1871, for \$20,000 a year. Capital stock (owned chiefly by St. P. & D. R. TAYLOR'S FALLS AND LAKE SUPERIOR RR.—Wyoming to Taylor's Falls, Minn., 20.50 m.; total track, 22 miles. Chartered Feb. 5, 1875, with power to construct a line from a point on the line of the Lake Superior & Mississippi R.R. (now St. Paul & Duluth) to the St. Croix River at Taylor's Falls. The control of this organization afterward became vested in the Minneapolis & St. Louis RR. Co., and, about 1880, steps were taken toward the construction of the road from the St. Paul & Duluth line at White Bear Lake to Taylor's Falls, the object being to complete a connection between the Minneapolis Road and the St. Paul & Omaha's North Wisconsin line, or ultimately to establish an independent line to Lake Superior. At that time the St. Paul & Duluth had under construction a branch line to Taylor's Falls from Wyoming on its main line, and to obviate the construction of a competitive line to the same point, it entered into an agreement with the Minneapolis Company May 1, 1880, under which the construction of the line from White Bear Lake to Taylor's Falls was abandoned, and the line from Wyoming to Taylor's Falls was built in its place. By this agreement the rights, franchise, land grant, etc., attached to the proposed branch of the St. Paul & Duluth RR. Co. were transferred to the Taylor's Falls & Lake Superior RR. Co., under whose charter the line was

built. The road was completed and opened Nov. 8, 1880, its cost having been \$303,064.53, which was advanced jointly by the Duluth & Minneapolis Companies, each of which was to receive, as representing such half interest, one-half of an issue of bonds, to the amount of \$246,000, made by the Minneapolis & St. Louis, and secured on the Taylor's Falls road, and one-half of the stock of the Taylor's Falls Company. On Oct. 12, 1880, the line was leased to the Minneapolis Company, at 30 p. c. of the gross earnings from local business. Later in the same year the Duluth Company acquired a half interest in this lease, and on Aug. 1, 1883, acquired the remaining half interest, as well as full title to the proportion of the Taylor's Falls stock previously owned by the Minneapolis Company. Immediately following that transfer the St. Paul & Duluth purchased and cancelled the \$246,000 Minneapolis & St. Louis bonds, which were secured by a lien on the road, the Taylor's Falls & Lake Superior R.R. Co. issuing, in order to meet the liability thus incurred, to repay the St. P. & D. for its share of construction expenses, \$210,000 1st mfg. 6 p. c. 30-yr. \$1,000 coup. bonds, due Jan. 1, 1914, interest payable from rental Jan. & July (guaranteed by lessee). Trustee of bonds, Central Trust Co., New York. Capital stock (all owned by the St. P. & D. R.R. Co.), \$415,300. The company has a land grant of seven sections per mile of road—of which unsold June 30, 1893, 61,455.63 acres. R. S. HAYES, *Pres.*; A. B. Plough, *Vice-Pres.*; W. H. Extract from the Company's Report: "Although not fully earned in the last quarters of the fiscal year ending June 30, it was deemed judicious by the Board to make no reduction from the full 5 p. c. dividend on the Preferred Stock until it could be seen how far the causes of the depression then beginning to be manifest were temporary in their nature. It was held to be an obligation, under the terms of settlement, whereby the rate of interest on the bonds had been reduced in 1889 to 4 p. c. and the difference capitalized in Preferred Stock, to pay in dividends, as far as seemed prudent, whatever sum, after a reasonable interval to give confidence of stability, was actually earned up to 5 p. c. And as no dividends had been paid, although earned, on account of the first year after re-organization it was thought best to call upon the Company's surplus for the deficiency of \$86,590.

For terms of plan of reorganization showing under what conditions the stock and bonds were issued, see MANUAL for 1891, page 904.

Funded debt consists of (\$16,000,000 auth.), 1st trust mtge. 4 p. c. 50-yr. gold bonds, due Aug. 1, 1939, interest Jan. and July, at the office of the State Trust Co., New York City. Since the close of the fiscal year there has been an additional issue of \$1,200,000 of these bonds (Nos.

14,001 to 15,200 inclusive) to retire floating debt, provide for improvements and additions, and the purchase of equipment. Trustee, Central Trust Co. of New York. In case of default in interest on bonds, the bondholders will have the power to appoint a majority of the Board of Directors. The preferred stock is entitled to dividends up to 5 p. c. per annum, non-cumulative, before the common stock shall be entitled to any dividends. After the payment in any one year of 5 p. c. on both the preferred and common stock, both classes of stock to share on an equal footing in the distribution of any further dividends for that year. Dividends on preferred stock paid quarterly (Feb., May, Aug. and Nov.), at 32 Nassau St., New York City. Registrar of stock, Central Trust Co. of New York. Annual meeting, 4th Monday in Oct.

* Includes Redondo Beach Ry., 10.81 miles.

Southern Kansas System.—In Nov., 1880, the Atchison Company, through one of its auxiliary corporations, the Kansas City, Topeka and Western, purchased the entire capital stock of the Kansas City, Lawrence and Southern RR. Co., and its two auxiliary corporations, the Southern Kansas and Western and the Sumner County, payment being made dollar for dollar, in 5 p. c. 40-yr. bonds of the Atchison of the date of Sept. 1, 1880. For further details of history see MANUAL for 1888, and also Manual for 1889.

Sonora System.—Opened for business in July, 1892. (See MANUAL for 1889, page 732.)

Gulf, Colorado, and Santa Fé RR.—This road was added to the Atchison system in 1886. See statement on page 290.

St. Louis, Kansas City and Colorado RR.—The Atchison owns the entire stock and bonds of this company. For history, etc., see MANUAL for 1890, page 927.

Southern California RR.—This company (a consolidation of the California Central and the California Southern RR. Cos. and the Redondo Beach Ry. Co., Nov. 7, 1889) is controlled by the Atchison through ownership of its capital stock. (For history of the constituent companies, etc., see MANUALS for 1889, and for 1890; see also page 291.)

The interest of the Atchison in above-named companies is shown in the statements of securities owned by it, which will be found on another page.

For information in reference to roads owned jointly, see GENERAL INDEX for statements of the several companies.

The Atchison Company was reorganized without foreclosure in Oct., 1889, under the terms of a plan, a *résumé* of which was given in the MANUAL for 1891, on page 14.

On Jan. 1, 1889, the Wichita and Western, and Kingman, Pratt and Western RR. Cos. were consolidated under the title of the Wichita and Western Ry. Co. Operated by the Atchison Company since July 1, 1890.

On Jan. 1, 1890, the Chicago, Santa Fé and California Ry., the Chicago, Kansas and Western RR., and the St. Joseph, St. Louis and Santa Fé Ry., were merged into the Atchison System proper.

In May, 1890, the company purchased the common and preferred stock of the St. Louis and San Francisco Ry. Co., issuing for that purpose \$27,000,000 new stock, or at the rate of one share and three-eighths of new stock for one share of San Francisco preferred, and three-quarters of one share of new stock for one share of San Francisco common. Since the close of the fiscal year the company has also acquired the first preferred stock of the St. Louis and San Francisco Ry. Co.

The company owns the entire capital stock (\$8,000,000), and guarantees \$6,000,000 (\$4,015,000 outstanding) 4 p. c. consol. mtge. bonds of the Colorado Midland Ry. Co. (See MANUAL for 1892, page 14.)

In Nov., 1890, under a traffic arrangement with the Chicago, Peoria and St. Louis RR. Co., a through line between Chicago and St. Louis was opened.

In Dec., 1893, the company announced that the sudden terminations of negotiations then pending for financial relief had caused temporary embarrassment to the companies comprising the Atchison System, and would prevent further payments of borrowed money then due and Jan., 1894, coupons. The official circular of the President stated :

"The continuing financial depression in America and Europe with coincident shrinkage in market prices of securities owned by the company and used as collateral, has brought about a forced reduction of the floating debt, causing excessive demands upon the cash available from net earnings for interest requirements.

"The Atchison System as a whole, including the St. Louis & San Francisco RR., and all other auxiliary lines (comprising 9,345 miles of road), is amply able, even under the present adverse conditions, to earn a safe balance above its fixed charges, if relieved from floating debt, which is not greater at this time than eighteen months ago. The changed financial conditions and lower prices of securities owned by the companies and used as collateral has brought about the situation now reported.

"The obligations of the company are as follows :

Time notes and loans on collateral, due Dec., 1893, to June, 1894.....	\$4,100,000
Notes and loans on collateral on call.....	2,200,000
Total notes and loans.....	6,300,000
Coupon interest and other fixed obligations, due Jan. 1, proximo.....	3,900,000

Default on January interest then being assured, the company asked for the appointment of receivers, and on Dec. 23, 1893, the president of the company, J. W. Reinbart, of Boston ; J. J. McCook, of New York, a director ; and J. C. Wilson, of Topeka, were appointed receivers. Out of the whole system only four of the roads—the Atchison, Topeka and Santa Fé, the St. Louis and San Francisco and the Colorado Midland RRs.—are in the hands of the courts.

Committees have been appointed, both here and abroad, to look after the interest of the bondholders, and similar committees have been chosen by the bondholders of the St. Louis and San Francisco and the Colorado Midland.

At the date of compiling this statement, April 1, 1894, the following railroads of the system were in the hands of the receivers : Atchison, Topeka and Santa Fé RR., St. Louis and San Francisco Ry., Atlantic and Pacific RR., and Colorado Midland RR.; while the Gulf, Colorado and Santa Fé Ry., the Southern California Ry., the Sonora Ry., the New Mexico and Arizona RR., the Manhattan, Alma and Burlingame Ry., the Wichita and Western Ry., the Rio Grande and El Paso RR., the Southern Kansas Ry. of Texas, and the St. Louis, Kansas City and Colorado RR. were being operated by the respective corporations.

NOTE.—It will be seen that the net earnings for 1892 in the above table do not agree with those in the detailed statement of earnings, etc., shown before. This is due to the returns of the Colorado Midland having been included in the first statement. But the payments on account of that road were excluded from the general income account for 1892, consequently the comparison could not be carried out to the end.

A readjustment of the funded debt of this company was effected, as of Oct. 1, 1889, by the issue of 4 p. c. gen. mtge. bonds and 5 p. c. income bonds in exchange for the outstanding bonds of this company and the bonds of other companies forming part of its system, the interest upon which had been guaranteed or assumed in whole or in part by this company. Of the general mtge. bonds provided for by this readjustment, \$150,000,000, there remains \$19,676,000 unissued for the purposes explained below. The income 5s issued in the readjustment of the funded debt are in process of conversion into 2d mtge. bonds, Class A, only \$2,952,600 remaining outstanding June 30, 1893. Further description of the several issues outstanding follows:

The general mortgage bonds were issued under the plan of reorganization of Oct., 1889, to retire the then existing indebtedness. Bonds numbered 1 to 125,000 inclusive, are of \$1,000 each; Nos. A 1 to A 50,000 inclusive, are of \$500 each. Interest on these bonds is payable at the agencies of the company in the cities of Boston and New York, and at the office of Baring Bros. & Co., London, Eng. Bonds are coupon, with privilege of registration. These bonds are secured by indenture to the Union Trust Co., New York, and cover the entire property of the company, all shares of stock owned or controlled (except sufficient to qualify directors), all bonds owned and pledged under trust deeds, and all securities deposited under the plan of reorganization. These bonds may be issued to any amount not exceeding \$150,000,000, on present property, to carry out the reorganization plan, and additional amounts may be issued at \$20.00 per mile for extension or double track. Both principal and interest payable in gold coin, free of all taxes. The trustee holds the unissued balance, \$19,676,000, to retire when necessary or deemed expedient, the guarantee fund notes, the Chicago & St. Louis 1st mtge. bonds, and the St. Joseph, St. Louis & Santa Fe 1st mtge. bonds; also \$175,000 5 p. c. 1st mtge. bonds of the St. Joseph Terminal R.R. Co., \$191,000 7 p. c. 1st mtge. bonds of the Osage Carbon Co., and \$8,802,000 4 p. c. gnar. trust 4 p. c. bonds of the Atlantic & Pacific R.R. Co.

These bonds are secured upon 6,624.39 miles of road, as follows: A., T. & S. Fe System proper (4,582.12 m.), less 21.34 m. operated under trackage rights; 4,558.78 m.; G., C. & S. Fe Ry., 1,058 m.; N. M. & A. R.R., 87.78 m.; Sonora Ry., 262.61 m.; So. Cal. Ry., 499.98 m.; M., Alma & B. Ry. (½), 28.31 m.; W. & W. Ry., 124.65 m.; L. T. & S. W. Ry. (½), 23.28 m.—total, 6,624.39 miles. Average per mile, \$19,554.90.

Guarantee Fund Notes.—In Nov., 1888, the \$10,000,000 notes were anth., secured by 2d mtge. on the main line in Kansas, and by the deposit of the stock of the Chicago, Santa Fe and California and terminal companies. The mtge. can be discharged when the notes are paid off. The notes matured Nov. 1, 1891, but were extended for two years, the holders receiving 1 p. c. bonus. They again fell due Nov. 1, 1893, and were again extended for five years at the same rate of interest, holders receiving a bonus of 5 p. c., and principal and interest being made payable in gold. Denomination, \$5,000 each. Interest payable at the Bank of North America, Boston, Mass.

These notes are secured on the line from Atchison, Kan., to west line of State of Kansas, 470.58 miles. Average per mile, \$14,875.26.

Chicago and St. Louis Ry. Bonds.—These bonds are for \$1,000 each, secured on 147.40 miles of road; average per mile, \$10,608. Interest payable at the Farmers' Loan and Trust Co., New York, N. Y.

The 2d mtge. bonds are anth. to the amount of \$100,000,000—Class A for \$80,000,000 and Class B for \$20,000,000. Class A bonds were issued for the purpose of exchanging at par for \$0,000,000 5 p. c. income bonds, all but \$2,952,600 of which have been converted. This series bears interest at the rate per annum of 2½ p. c. to Oct. 1, 1893; 3 p. c. to Oct. 1, 1894; 3½ p. c. to Oct. 1, 1895, and thereafter at the rate of 4 p. c. Class B bonds are issued to provide for improvements, including equipment, on the mileage of the Atchison System as it existed on July 1, 1892. They bear interest at 4 p. c. per annum from July 1, 1892. Of these not more than \$5,000,000 can be issued in any one year. After Oct. 1, 1896, both classes become identically the same issue. The bonds are next in lien to and cover the same property as the general mtge. bonds, and are additionally secured by deposit with the Union Trust Co. of New York,

trustee of the mtge., of the income bonds received in exchange for them. The bonds are for \$500 and \$1,000 each, in coup. form, with privilege of successive registrations of principal, with subsequent transfers to bearer, in Boston, New York and London. Reg. bonds in place of coup. bonds may be issued in denominations of \$500, \$1,000, \$10,000 and \$50,000. There is also scrip for \$100, bearing interest when converted into bonds. Principal and interest payable in gold, free of all taxes. Interest payable at the agencies of the company in New York and Boston, and at the office of Baring Brothers & Co., Limited, London, England.

These bonds are secured on 6,634.39 miles of road (see description of gen. mtge. 4s); average per mile, \$12,049.46. The *equipment trust bonds, Series A*, are dated Jan. 1, 1892, and are redeemable \$250,000 yearly, the whole to be finally retired at the end of ten years. They are secured on 32 locomotives and 3,772 cars. Interest is payable July and Jan. on all outstanding bonds until final maturity. It was intended at the time of creation of this equipment trust that payment of principal and interest of the bonds would be made from the earnings of the railway; but in the plan for conversion of income bonds provision was included for funds necessary to meet principal and interest of these bonds as they fall due. The bonds are in denominations of \$500 and \$1,000. Interest payable at the office of Baring, Magoun & Co., New York, and at the banking-house of Baring Brothers & Co., Limited, 9 Bishopsgate-within, London. On Jan. 1, 1894, \$250,000 of these bonds were drawn for redemption.

The Atlantic and Pacific 1st and 2d mtge. bonds are guaranteed one half each, severally but not jointly, by the Atchison and St. Louis and San Francisco Cos.

Annual meeting, last Thursday in Oct. Dividends payable quarterly (F., M., A. & N., last paid in 1888), declared at the regular meeting of the directors in the month preceding that in which dividend is payable. Land Department, A. T. & S. F. RR. Co.—By Act of Congress, Mar. 3, 1863, accepted by the Territory of Kansas, Feb. 9, 1864, there was granted for this line in Kansas 10 sections (6,400 acres) of land p. m., or a total (after deductions) of 2,934,659.68 acres, all of which has been patented to the company. Deducting 6,641.07 acres reverted to the United States Government, leaves 2,928,018.61 net acres patented. Deeded total, 2,886,207.28 acres. Balance, 41,811.33 acres, of which 18,477.36 acres are under contract, and 23,333.97 acres unsold.

During the year ending June 30, 1893, there were sold 2,948.95 acres for \$15,780.47, and there were cancelled sales aggregating 960 acres, representing in cash \$3,743.87. The receipts during the year were: From sales (principal, \$8,202.44; interest, \$194.71), \$8,697.15; deferred payments (principal, \$16,490.36; interest, \$2,496.36), \$18,986.72; miscellaneous, \$39.50—total, \$27,723.37. Expenses and taxes, \$12,983.67. Net income, applicable to interest and expenses, etc., of the trusts and to the redemption of land bonds, \$14,739.70.

From the organization of the land department to June 30, 1893, the sales have been 3,356,419.06 acres for \$12,779,390.57; being an average of \$3.80 $\frac{7}{10}$ per acre. The cancellations have amounted to 451,764.42 acres, for \$2,035,752.24 principal, \$587,775.92 interest, and \$307,962.57 unearned interest. The total cash receipts have been \$12,086,148.90; expenses, \$1,686,790.65, and taxes, \$1,192,050.05; net receipts, \$9,207,308.20.

GENERAL REMARKS.

The operations of the properties as distributed between the two main systems—those of the Atlantic and Pacific and the Wichita and Western being then equally divided—were as follows :

	Passengers One Mile.	Tons One Mile.	Passenger Earnings.	Freight Earnings.	Total Earnings.	Net Earnings.
			\$	\$	\$	
Atchafson System	3-5,268,617	2,418,315,576	8,720,831 72	28,791,448 78	41,316,546 79	12,710,747 55
San Francisco System	79,534,194	556,354,594	1,814,582 05	6,663,156 35	9,417,159 19	3,354,790 86

The average rate per ton of freight per mile on the Atchafson System was 1.191 cents, a decrease of .068 cent; on the St. Louis & San Francisco System, 1.198 cents, a decrease of .031 cent; and on the Aggregated System, 1.192 cents, a decrease of .071 cent.

The average rate per passenger per mile on the Atchafson System was 2.264 cents, a decrease of .162 cent; on the St. Louis & San Francisco System, 2.319 cents, a decrease of .065 cent; and on the Aggregated System, 2.273 cents, a decrease of .145 cent.

In May last (1893), in the interest of economy and to concentrate operations, the authority of the operating officials of the Atchafson System Proper was extended to cover the operations of the Colorado Midland Ry., thereby effecting considerable saving to both companies. The accounts of the Colorado Midland are kept separate and distinct from those of the Atchafson Company. The operating results of that line are, however, included in the statistical operating statements of the Atchafson System in the same manner as other owned and controlled lines.

As illustrative of the bearing of the operations of each of the several railroad systems to the other, the following figures will prove interesting :

In the fiscal year ended June 30, 1893, the gross earnings of all other lines of the general system, \$106,40 miles (average operated), were, upon business interchanged with the St. Louis & San Francisco Ry. Co.: from freight, \$1,970,947.32; from passengers, \$178,979.27; and from other sources, \$161,720.49, an aggregate of \$2,311,647.08, or \$288.30 gross earnings for each mile of the system.

During the same period the gross earnings of the St. Louis & San Francisco Ry. Co., 1,328.17 miles (average operated), from business interchanged with all other lines of the General System, were: from freight, \$2,323,367.19; from passengers, \$199,173.57; and from other sources, \$2,035.34, an aggregate of \$2,524,576.10, or \$1,900.79 gross earnings for each mile of the St. Louis & San Francisco Ry.

In the same year the gross earnings of all other lines of the General System, 8,904.15 miles (average operated), upon business interchanged with the Colorado Midland Ry. Co., were: from freight, \$759,400.58; from passengers, \$126,557.14; and from other sources, \$39,808.34, an aggregate of \$929,866.06, or \$103.38 gross earnings for each mile of the general system.

Also the gross earnings for the year of the Colorado Midland Ry. Co., 350.42 miles (average operated), from business interchanged with all other lines of the general system, were: from freight, \$1,119,986.51; from passengers, \$102,822.23; and from other sources, \$10,924.47, an aggregate of \$1,233,733.21, or \$3,531.95 gross earnings for each mile of the Colorado Midland Ry.

Expenditures during the year for improvements were made on the Atchafson System, \$1,997,581.02; on the St. L. & S. F. System, \$191,794.53; a total of \$2,189,375.55.

The expenditures on the Atchafson System were distributed as follows: Genl. Colorado and Santa Fe Ry., general improvement of road-bed, bridges, and buildings, \$450,045.32; Southern California Ry., new station buildings and protection work on bridges and road-bed against floods, \$87,150.81; Sonora Ry., side-tracks, station buildings, and

Artilla Wharf, \$20,562.95; Colorado Midland Ry., principally right-of-way and depot grounds, and side tracks, \$168,875.97; Atlantic and Pacific RR.—Western Division, new rails and fastenings, side-tracks, new depots, and dam and reservoir for increased water supply, \$105,029.93 (divided between Atchison and Frisco Systems), Atchison's share, \$52,514.96; Atchison System Proper, chiefly improvement of Chicago line road-bed, bridges, and approaches; and side-tracks, station buildings, and general road betterments on lines in Kansas, Colorado, and New Mexico, \$1,219,335.92; other lines, general improvements, \$2,095.09—total for Atchison System, \$1,947,581.02.

The expenditures on the St. Louis and San Francisco System amounted to \$191,791.53, and were mainly for improvement of road-bed, side-tracks, and buildings, and its one-half of expenditures on the Atlantic and Pacific RR. as detailed before.

Expenditures for "Construction-Extensions" covering additions to the properties during the year were made on the Atchison System of \$36,445.18, for second tracking Chicago line between Joliet and Patterson, Ill. On the St. Louis and San Francisco System \$7,730.67 was expended, mainly on the Paris Branch in Texas. The total charge for "Construction-Extensions," as above, was \$44,175.85.

During the year expenditures were made for equipment, on the Atchison System, \$197,444.10 for locomotives, \$62,941.07 for passenger cars, \$22,222.92 for freight and other cars, and \$25,137.29 for shop machinery, etc.; the total cost being \$577,748.38. The expenditure on the St. Louis and San Francisco System was, \$174,859.48 for locomotives, \$17,490.07 for passenger cars, \$223,734.46 for freight and other cars, and \$8,562.37 for shop machinery, etc.; a total of \$421,646.38. The aggregate for the entire property was \$1,092,394.76. In addition there was expended in the acquisition of equipment under A., T. & S. F. Equipment Trust, Series A, \$915,751.61, making an aggregate outlay for equipment of \$1,918,149.36. When the Equipment Trust obligations are finally retired, the cost of the additional equipment covered will be carried to equipment account.

The grand total of property expenditures made, as detailed above, covering improvements, extensions, and equipment, amounted to \$4,151,700.76.

There were also rebuilt, the cost of which was charged to operating expenses: by the Atchison System, 6 locomotives, 13 passenger cars, 118 freight cars, and 7 service cars, at a cost of \$107,923.36; by the St. Louis and San Francisco System, 2 passenger cars and 30 freight cars, at a cost of \$19,078.41, or a total for the Aggregated System of 6 locomotives, 15 passenger, 148 freight, and 7 service cars, at a cost of \$127,006.77.

Under the plan of income bond conversion presented in Circular 68, of May 25, 1892, and printed in full in the last Annual Report, less than 2 p. c. of the entire \$80,000,000 original issue of income bonds remain to be exchanged for 3d mtz. bonds. This balance is largely held by estates the trustees of which are completing authorities to enable the exchanges to be made.

The financial condition of all the properties, as of June 30, 1893, exclusive of the accounts between the companies, is shown in the following statement, wherein the assets and liabilities of all the companies are consolidated:

* Excluding \$3,062,549.50, interest on advances by "Atchison" and "Frisco" Companies not taken into accounts of those companies. † Excluding \$316,725, interest on bonds owned by A., T. & S. F. R. R. Co. from Oct. 1, 1890. (a) Value of 14,986,437 acres of land owned by the Atlantic and Pacific R. R. Co. not included.

RAILROADS CONTROLLED BY THE ATCHISON, TOPEKA AND SANTA FÉ R. R. CO.

ATLANTIC AND PACIFIC RR.—Lines of road: *Western Division*—Albuquerque, N. M., to Isleta June, 12.69 m.; Isleta June, N. M., to Mojave, Cal., 805.86 m.; branches to mines, quarries, etc., 16.24 m.; *Central Division*—Semen, Mo., to Sapulpa, Ind. Ter., 112.05 m.—total, 946.84 miles. Sidings, etc., W. Div., 73.38 miles; C. Div., 9.06 miles. Gauge, 4 ft. 8½ in. Rail (steel, 963.02 m.), 56 lbs. Included in the Western Div. are 243.16 miles, from Colorado River to Mojave, Cal., of the Southern Pacific R. R., and 12.69 miles, from Isleta, to Albuquerque, N. M., of the Atchison.

History.—Chartered July 27, 1890, and 34 miles of the Central Division, to Vigita, Ind. Ter., completed in 1873. Work was begun on the Western Division in May, 1880, and it was completed in Aug. 1883. The extension of the Central Division to Sapulpa was built between 1882 and 1886. The Government has accepted 85 miles of the Central Division. (See MANUAL for 1891.)

The Mojave Division of the Southern Pacific RR. is held under a contract of purchase and lease dated Aug. 20, 1884, by the terms of which this company agrees to purchase the line when the present mortgage, due in April, 1905, is paid off, at the price of \$30,000 per mile, payable one-sixth part in cash, and the balance in cash or in 1st mtge. 6 p. c. bonds at par. Until the title is clear, this company leases the road, paying as rental \$436,266 yearly, being \$1,800 per mile; such rental being guaranteed by the Atchison and San Francisco Cos.

This road passed under the control of the Atchison by that company's purchase of the capital stock of the St. Louis & San Francisco Ry Co. (statement for which see). The Atchison, Topeka & Santa Fe and the St. Louis & San Francisco Cos. guaranteed 25 p. c. of gross earnings derived from interchange of traffic with this road to meet any deficiency in interest on 1st mtge. bonds, such advances to be treated as a loan, repayable with interest. (See MANUAL for 1886, page 622.)

* This item due to the Atchison and the St. Louis and San Francisco, although shown here as a liability and charged to income account, is not considered in the accounts of the "Atchison" and "Frisco" companies.

The company owns 14,965,000 acres of land, the value of which is not included in the preceding account.

The authorized share capital of A. & P. R.R. Co. is \$100,000,000; par, \$100 per share. Of this, \$51,503,800 has been conveyed to the St. Louis and San Francisco and the Atchison, Topeka and Santa Fé Cos. in equal amounts, in consideration of the above mentioned agreement, and all of it has been placed in trust for a period of fifty years from Jan. 1, 1887, but subject to the future action of the directors of the two companies.

Punded debt consisted, June 30, 1893, of—

Western Division: Guarantee trust 4 per cent. gold bonds, due Jan., 1937, interest Jan. & July.....	\$16,000,000
2d mortgage 6 per cent. gold bonds, due September 1, 1907, int. March & Sept.....	5,500,000
Income 6 per cent. bonds, due October 1, 1910, interest April & October.....	12,000,000
Central Division: Guarantee trust 4 per cent. gold bonds, due Jan. 1, 1907, int. Jan. & July.....	2,794,000
Land grant 6 per cent. gold bonds, due Nov. 1, 1901, int. May & Nov.....	796,629
Income 6 per cent. bonds, due June 1, 1922, interest June & Dec.....	1,823,000

The guarantee trust 4 p. c. bonds of 1937 are of an authorized issue of \$20,000,000; principal and interest guaranteed severally, but not jointly, by the "Atchison" and the St. Louis and San Francisco Cos. To retire \$17,000 outstanding 1st mtge. 6 p. c. Western Division gold bonds, due July 1, 1910, an equal amount of these is reserved.

The Western Division 2d mtge. guaranteed gold bonds are guaranteed in like manner as the trust 4s of 1937. It is provided that after Mar. 1, 1890, not less than \$100,000 of these bonds must be redeemed and cancelled yearly. They may be purchased or drawn on any semi-annual interest day at not exceeding 105 and accrued interest.

The Western Division income bonds are secured by lien upon the net earnings of the Western Division, after providing for operating and other expenses. Interest is non-cumulative and not to exceed 3 p. c. in any 6 months. Trustee: Boston Safe Deposit & Trust Co. Interest payable in Boston.

The Central Division land grant bonds are secured on that portion of the land grant lying between 20 and 40 miles distant on each side from the tracks of the Central Division. Interest is payable at maturity in New York. Trustees: Charles F. Choate and Frederick L. Ames. Of the amount outstanding as above, \$629 is in scrip.

The Central Division income bonds are of an authorized issue of \$18,750 per mile. Interest is non-cumulative, payable only if earned, and not to exceed 3 p. c. in any 6 months. Of the amount outstanding as above, \$3,000 is scrip. Interest payable in Boston. Trustee: American Loan & Trust Co., Boston.

Annual meeting, 3d Thursday in May, in New York, N. Y.; books close about 3 weeks in advance. Stock is entitled to vote when registered. Registrars of stock and transfer agents, United States Trust Co., New York, N. Y.

LAND GRANT.—The company has earned under the grant from the government about 20,295,296 acres. Of this 5,308,683.48 acres have been sold, leaving balance unsold, June 30, 1893, 14,986,612.52 acres. * In treasury, \$2,862,700 additional.

NOTE 1.—Total amount authorized and originally issued, \$5,700,000, of which \$23,500 have been retired and cancelled. The bonds were issued under a second mortgage on the original main line, Pacific to Seneca, Mo., 292.37 m., and Granby Branch, 1.50 m., together, 293.77 miles. This mortgage is now, however, a first lien on the line named, \$7,293,000 of prior lien "South Pacific" bonds having been paid and cancelled. The bonds are coupon for \$100, \$500, and \$1,000, with privilege of registration as to principal. Trustees, Win. H. Coffin, New York, N. Y., and Samuel Hays, St. Louis, Mo.

NOTE 2.—Total amount authorized and originally issued, \$1,100,000 ; retired and cancelled, \$44,000. Mortgage is first lien on road Pierce City, Mo., to Oswego, Kan., 72.91 m., and Oranogo to Joplin, Mo., 9.32 m., together 82.23 miles, or at the rate of \$12,503 per mile. Commencing in 1884, the bonds are subject to being drawn for payment (if not purchased) at 105 and interest, \$5,000 each year. The bonds are coupon for \$1,000, with privilege of registration as to principal. Trustees, Chas. L. Perkins and Jacob Seligman.

* NOTE 3.—Originally issued, \$1,350,000; retired and cancelled, \$250,000. Secured by deposit in trust of \$1,400,000 of 1st mtge. 7 p. c. bonds on roads Plymouth (Monett), Mo., to Fayetteville, Ark., 71.18 m., Carl June, Mo., to Girard, Kan., 29.14 m., and Litchfield Junc. to Litchfield, Kan. (Carbon Branch), 3.25 m., together 103.57 miles, being at the rate of \$10,640 per mile. Bonds have till maturity to run. Sinking fund consists of difference between interest on the \$1,400,000 of 1st mtge. 7s and that on the trust 6s outstanding. The bonds are coupon for \$1,000, with privilege of registration as to principal.

NOTE 4.—Total amount authorized and originally issued, \$1,000,000; retired and cancelled, \$880,000. In June and Dec. of each year \$40,000 are drawn for payment at 105 and interest (if not purchased) and are cancelled. Secured by a first lien (till all bonds are paid) on rolling stock costing over \$1,100,000. All bonds due June, 1895. The bonds are coupon for \$1,000, with privilege of registration as to principal. Trustees, Alden Speare and D. T. Seligman.

NOTE 5.—Total amount authorized and originally issued, \$464,000; retired and cancelled, \$414,000. Bonds due in series of designated numbers, \$23,000 each April and Oct. Secured by a first lien (till all bonds are paid) on rolling stock costing \$527,386. Last series due April, 1894. The bonds are coupon for \$1,000, with privilege of registration as to principal.

NOTE 6.—Authorized issue limited not to exceed \$20,000 per mile of newly constructed or acquired roads and equipment, connecting with the system of and operated and controlled by the San Francisco Co. Secured by deposit in trust of all 1st mtge. bonds and not less than a majority of the capital stock of various companies whose roads are so operated and controlled. Roads now are Springfield, Mo., Belt Line, 3.18; Red River, I. T., to Paris, Tex., 16.94; Jensen to Mansfield, Ark., 18.24; Powell to St. Paul, Ark., 7.68; Pittsburgh to Weir City, Kan., 8.81; together 54.95 miles, being at the rate of \$29,000 bonds per mile. The bonds are coupon for \$1,000, with privilege of registration as to principal. Trustee, Union Trust Co., New York, N. Y.

NOTE 7.—Both classes issued under one and the same mortgage and all equally secured. Total amount authorized, \$30,000,000, of which \$17,261,000 were appropriated and set aside to provide at maturity or before for a like amount of prior 1st mtge. bonds. The security for these bonds at present consists of first lien of the mortgage on various roads and equipment, and on the company's real estate and terminals in St. Louis, built or acquired, and for which the \$7,727,000 of the 6s now outstanding and \$5,000,000 of 5s were issued. The roads under the lien of the mortgage are as follows: St. Louis to Pacific, Mo., 34.01 miles; Springfield to Bolivar, Mo., 38.79; Springfield to Chadwick, Mo., 34.86; Fayetteville, Ark., to Red River, I. T., 214.95; Fayetteville to Powell, Ark., 25.61; Joplin, Mo., to Galena, Kan. (and Belt Line, Joplin), 10.59; Joplin to Carl June, Mo., 6.70; in all, 365.51 miles. Of the 5s outstanding, \$7,144,000 were issued to retire the South Pacific 6s in July, 1888. The bonds are coupon for \$1,000, with privilege of registration as to principal. Trustee, United States Trust Co., New York, N. Y.

NOTE 8.—Total amount authorized, \$50,000,000, of which \$25,509,500 are appropriated and set aside to provide, at maturity or before, for a like amount of prior lien bonds. The security for the bonds consists of a mortgage on all of the company's property, including the stocks of the auxiliary or proprietary companies operated by it under lease or otherwise, transferred to and deposited with the trustee, and constituting not less than a majority of the capital stocks of those roads, and also the stocks owned by this company of roads jointly owned. The lien of the mortgage also extends over bonds amounting to \$7,903,000 owned by this company, which are also deposited with the trustee under this mortgage, or will be when a prior lien thereon is satisfied. There are deposited with the Mercantile Trust Co., trustee, under this mortgage, stocks aggregating \$15,159,650 and bonds, \$4,950,000. A full description of these securities will be found on pages 298 and 299. The bonds are coupon and registered for \$100, etc. Trustee, Mercantile Trust Co., New York, N. Y.

NOTE 9.—Amount authorized, \$2,000,000. These bonds are guaranteed and indorsed by the San F. Co. for due payment of principal and interest, and are secured by the first lien of the mortgage on the road, Oswego to Wichita, Kan., 144.49 miles, being at the rate of \$13,843 per mile. The bonds are coupon for \$1,000, with privilege of registration as to principal.

NOTE 10.—Original issue, \$475,000; retired and cancelled, \$86,000. Guaranteed (principal and interest) and indorsed by San F. Co. In April of each year, commencing in 1890, 5 p. c. of bonds issued and outstanding are to be drawn for payment at 105 and interest (if not purchased) and cancelled, and any and all are subject to redemption by lot at 110 and interest at any time before maturity. The bonds are coupon for \$1,000, with privilege of registration as to principal. Trustee, Mercantile Trust Co., New York, N. Y.

NOTE 11.—Secured by first lien of mortgage on road Beaumont to Cale, Kan., 61.56 miles, which is leased by the San F. Co. Bonds are subject to redemption by lot at 110 and interest, otherwise have till maturity to run. Issue, \$12,027 per mile. The bonds are coupon for \$1,000, with privilege of registration as to principal. Trustee, Farmers' Loan and Trust Co., New York, N. Y.

NOTE 12.—Secured by first lien of mortgage on road Arkansas City to Anthony, Kan., 69.88 miles. Authorized issue, \$15,000 per mile. This road is leased by the San F. Co. Bonds are subject to redemption by lot at 110 and interest, otherwise have till maturity to run. The bonds are coupon for \$1,000, with privilege of registration as to principal. Trustee, Farmers' Loan and Trust Co., New York, N. Y.

NOTE 13.—Guaranteed (principal and interest) and indorsed by San F. Co. Authorized issue, \$15,000 per mile. Mortgage is first lien on road Cuba Junc. to Salem, Mo. (and branches), 54 miles, which is leased by the San F. Co. Bonds are subject to redemption by lot at 105 and interest, otherwise have till maturity to run. The bonds are coupon for \$1,000, with privilege of registration as to principal. Trustee, Mercantile Trust Co., New York, N. Y.

NOTE 14.—Guaranteed (principal and interest) and indorsed by San F. Co. Authorized and issued at rate of \$15,000 per mile. Mortgage is first lien on road Wichita to Ellsworth, Kan., 107.20 miles, which is leased by the San F. Co. Bonds have till maturity to run. The bonds are coupon for \$1,000. Trustee, Mercantile Trust Co., New York, N. Y.

The company guarantees one-half of principal and interest of the Western Division 2d mtge. 6s of 1907 and trust 4s of 1937 of the Atlantic and Pacific RR. Co. See statement for the Atlantic and Pacific.

Land Department.—The grant of 1852 to the South Pacific was 1,161,244.47 acres, of which 114,265.37 acres remain unsold; grant of 1866 to Atlantic and Pacific, 506,816.33 acres, of which 8,435.45 acres remain unsold—a total of 122,700.82 acres on hand June 30, 1893. There were sold during the past fiscal year from both grants 7,195.46 acres for \$18,490.61, an average of \$2.58 per acre. Also 63 town lots for \$1,940. It will be noticed that the number of passengers and of tons of freight moved over the entire system falls far below the sum of those moved over the Eastern and Western systems. This is due to the elimination from the total of duplications on account of transfers from one system to another.

The common capital stock was increased, the fiscal year 1891-92, by the distribution to stockholders of a dividend of 20 p. c. in stock, by the issue of \$2,000,000 to pay for Pittsburgh and Western stock, and by the sale of an additional \$5,096,600. The proceeds of the last mentioned are being, and will be, applied to the extension of the company's lines, and to the improvement of its properties.

Of the common stock, \$8,975,000 is held in trust by the Farmers' Loan and Trust Co., and is represented on the market by "beneficial interest certificates." The stock so deposited was voted until July 1, 1893, by C. F. Mayer, President, and his two nominees.

Particulars of funded debt (see also statement on p. 322):

The loan of 1853-1880 was extended when it became due in the latter year, and is now redeemable at the option of the company. The loan of 1853-1885 was extended at 4 p. c. to Oct. 1, 1935; originally \$2,500,000; paid and cancelled, \$790,500—balance outstanding, \$1,709,500.

The bond to city of Baltimore was given in purchase of the city's interest in the Pittsburgh and Connellsville RR.; originally \$1,000,000, reduced to \$320,000 by 17 annual payments of \$40,000 on each on July 1 of each year.

The sterling sinking fund bonds of 1870-1895 are secured on the main stem, Baltimore to Wheeling, 379.80 miles, and are redeemable by action of the sinking fund (£16,000 per annum), which is applied annually in Mar. to purchase of these bonds, if not above par; but if above par the fund may be invested in other securities.

The sterling sinking fund bonds of 1872-1902 are of £200 each, are secured on main stem, 379.80 miles, and branch from Washington to Point of Rocks, 42 m.; and are redeemable by action of an annual sinking fund of £24,000, which is to be applied semi-annually to purchase of these bonds, if below par, but if above par the fund may be invested in other securities.

The sterling sinking fund bonds of 1874-1910 are of £200 each, and in other respects are similar to and secured in same manner as the bonds of 1872-1902, with the additional security of being a mortgage on all appurtenances and equipments of the company, and with the exception that the sinking fund is £18,000 per annum, applied semi-annually.

The 4½ p. c. sterling loan of 1923 is a direct obligation of the company, and is specially secured by a pledge of all the 1st mtge. bonds of the Baltimore and Philadelphia RR., amounting to £1,000,000, and by a 1st mtge. on the Philadelphia branch. The bonds for £200 each, coup. and reg. (convertible at will), are free of all taxes, and mature April 1, 1933. The Baltimore and Ohio RR. Co. is under obligation that no mortgage shall hereafter be placed upon its main line that will impair or take precedence of this.

Principal and Interest is payable in London by Baring Bros. & Co. on sterling bonds of 1870-95, and of 1872-1902; of 1874-1910 by J. S. Morgan & Co.; on 4½ p. c. by Brown, Shipley & Co. The sterling bonds are free of all taxes. In accordance with the agreement with the City of Baltimore, the seventeenth annual payment, namely, \$40,000 of the principal of the bonds for \$1,000,000 given for the purchase of the interest of the city in the Pittsburgh and Connellsville Railroad Company has been made, thus reducing this obligation to \$320,000.

The \$7,744,000 (£1,600,000) 5 p. c. sterling bonds, 1877-1927, are redeemable by action of sinking fund of £7,500

NOTE.—The interest on the securities in the Sinking Funds of the Sterling Loans of 1870, 1872, and 1874, \$314,628.96, is turned into the company's treasury for general purposes, and is shown on page 316, as "Cash received from Sterling Main Line Sinking Funds." The interest on the face of the loans has to be paid in full, and is therefore so charged. For the increments on securities in Sinking Funds of Loans of 1870, 1872, and 1874 and the annual appropriations, B. & O. Consolidated Mortgage Bonds are issued as provided for in the \$29,600,000 Mortgage of Dec. 19, 1887.

per annum, and are secured by an equal amount of mtge. bonds of the B. & O. & C. RR. Cos., of the same date, bearing 6 p. c. interest, and 28,900 shares (\$1,445,000) of capital stock of said companies, both placed in the hands of trustees.

The \$3,000,000 6 p. c. bonds, 1879-1919, are secured by same amount of mtge. bonds of Parkersburgh Br. RR. Co. of same date, bearing 6 p. c. interest and placed in hands of trustees.

The \$10,000,000 5 p. c. \$1,000 gold bonds, 1885-1925, are secured by pledge of an equal amount of Pittsburgh and Connellsville 5 p. c. 2d consol. mtge. bonds held by trustees. These bonds, so pledged, are secured by mortgage on the entire line of the Pittsburgh and Connellsville RR. Co. and its leased line, the Fayette County RR., on certain stocks and bonds of branch lines and upon terminal and other properties. The P. & C. RR. Co. undertakes that no mortgage or other lien shall be created that shall impair or take precedence of the mortgage securing these bonds. Principal and interest payable in gold in New York. Trustees, Union Trust Co., New York.

The car trust bonds are dated Jan. 1, 1887, interest payable Jan. & July; principal in ten annual payments of \$250,000 each; the first, or Class A, on Jan. 1, 1888, and the tenth, or Class K, on Jan. 1, 1897. The bonds are a direct obligation of the company, and are additionally secured by mortgage on the new rolling stock acquired through the car trust; and the entire original lien will hold till the payment of the last bond. The bonds are for \$1,000 each, and are coupon, with privilege of registration. Interest payable at the office of the trustee, Mercantile Trust and Deposit Co., Baltimore, Md.

The *consols* are \$1,000 gold coupon bonds, with privilege of registration, interest payable, tax free, at the office of the Union Trust Co., New York, N. Y., Feb. & Aug., and the principal Feb. 1, 1888. The amount authorized is \$21,600,000, of which \$10,100,000 are outstanding, and the remainder is held to retire the residue of the main line mortgage indebtedness not provided for by the existing sinking funds. The mortgage covers the main line and branches between Baltimore and Wheeling (exclusive of the Washington branch), the two Ohio River bridges, the company's Washington branch stock, and the entire amount of Wheeling, Pittsburgh and Baltimore RR. Co.'s 1st mtge. bonds. Trustee, Mercantile Trust and Deposit Co., Baltimore, Md.

EXTRACTS FROM THE COMPANY'S REPORT FOR 1893.

Construction and Betterments.—The aggregate expenditures for Construction and Betterments for the twelve months have been \$2,523,025.20; for the twelve months ended June 30, 1892, they were \$1,625,502.17; an increase for the 12 months of 1893 of \$975,523.03.

This sum of \$2,523,025.20 has been charged to the different investment accounts to which the expenditures appertain. It is distributed as follows: Lines east of Baltimore, \$402,863.79; main stem and branches, \$1,064,281.61; Pittsburgh division, \$641,611.60; Trans-Ohio division, \$422,268.21—total, \$2,523,025.20.

The management has deemed it wise to include in operating expenses in the past year, as in the four previous years, a large expenditure made in betterments.

Equipment Trust for \$2,000,000.—Of the Equipment Trust Loan, series B, of \$2,000,000 made with the Finance Company of Pennsylvania, there has been expended \$1,981,830.97 for 42 locomotives, 10 passenger, 3 combination, 4 baggage and 2,945 freight cars, leaving still unexpended on June 30, 1893, \$18,169.03, to be expended for equipment to be constructed.

Sinking Funds.—The company has maintained through the year its cash appropriations to the sinking funds of its \$ Loan of 1927, and the P. & C. consol. mtge. loan of 1936. These two sinking funds now amount to \$1,380,292.

The investments for the appropriations and increments of the main line sinking funds, in pursuance of the agreement to that effect, have been made in the consol. mtge. 5 p. c. 100 yr. bonds of this company, and now amount to \$5,055,000 in these bonds—in addition to \$5,154,504 of other first class interest-bearing bonds—in the hands of the trustees of the main line sterling sinking funds. The extension of the line to the South Shore has been completed and effectively operated since June 1 last. The completion of the new passenger buildings and freight yard at St. George has been deferred, because of the delay in renewing the Whitehall Ferry lease. These important improvements will be finished early next summer.

West Virginia and Pittsburgh RR.—The Buckhannon River branch was completed to the terminus at Pickens, in Sept., 1892, and the main line to Camden-on-Gauley in Oct., 1892, in all 160 miles to its connection with the Baltimore and Ohio RR. at Clarksburg, W. Va. The traffic from the extensive and valuable timber lands traversed by this line, as well as that from its general trade, is steadily increasing, with the most satisfactory revenue results. (Continued on next page.)

Baltimore Belt RR.—The completion of this important line, expected early in the past summer, has been delayed by the legal difficulties in obtaining the Bolton property—the site of the proposed uptown station—and in securing the right of way through some properties beyond that point. These obstacles have so far been removed as to leave little doubt the line can be completed by early next summer. The tunnel is substantially finished, and is a very superior construction. The work yet to be done is in "the open."

The Pittsburgh and Western Ry.—A through passenger service over this line, the acquisition of which was noted in last annual report, was opened in May last between Baltimore and Chicago. It has accomplished a very important and satisfactory service, especially during the Exposition. A portion of this company's freight traffic for the Northwest has been sent by this route since early spring.

Lancaster and Cecil RR.—This line, referred to in last annual report, was completed and opened for traffic during the year.

Fairmont, Morgantown and Pittsburgh, and State Line RRs.—These two roads, extending from the main line at Fairmont, W. Va., to a connection with the Pittsburgh and Connellsville RR. at Connellsville, Pa. (through the Fayette County Branch of 13 miles), a distance of 63.30 miles, have been consolidated under the title of "The Fairmont, Morgantown and Pittsburgh RR. Co." The line is completed except some bridging, which will be put up in time to open the entire road for traffic by Jan. 1, next. The line traverses an extensive and valuable coal, lumber, and agricultural region, which cannot fail to become a large producer of traffic. In addition to this the road is an important link in a through line to Pittsburgh and the lakes for the traffic from that valuable section of West Virginia traversed by the connections of the Baltimore and Ohio RR.

Notwithstanding the extraordinary financial crisis and consequent business depression throughout the country, materially affecting the business of the company, the management has deemed it wise to continue in the past year the large expenditures needed to improve its connections and better the condition of the property in every department. In pursuance of this policy, there have been expended upon construction alone in the past fiscal year \$2,523,035.20. And in addition thereto there has been expended and charged to operating expenses during the same period: In maintenance of equipment, \$3,383,478.81; in maintenance of way, \$3,261,328.93. The revival of business, which may reasonably be expected, since the fear of an unsound monetary system has been removed, will, it is believed, fully justify these large expenditures of capital—even during a period of great financial depression—in order to secure ample facilities for an increasing traffic. In addition to the large payments for car trusts and the payments for sinking funds and dividends on the preferred stocks, the company has declared 5 p. c. dividend on the common stock for the fiscal year ending June 30, 1893.
